## Naval Building Program Mapped Out In Capital

Administration's Plans For  
Building Up To London  
Treaty Strength

**BILL INTRODUCED**  
BY SEN. TRAMMELL

Would Authorize New Con-  
struction Program Fea-  
turing Aircraft Carriers

(International News Service)  
WASHINGTON, April 7.—The  
administration's plans for building  
the United States navy up to  
London treaty strength were re-  
vealed today in a bill introduced  
in the senate by Senator Tram-  
mell (D) of Florida, chairman of  
the senate naval affairs com-  
mittee.

The bill would authorize a new  
construction program for the navy,  
featuring two new additional air-  
craft carriers, five 10,000 ton 6-inch  
gun cruisers and two similar cruisers  
with a flying-deck. One of the lat-  
ter, to replace the Rochester, would  
be constructed at once.

Five New Cruisers.  
The five 6-inch gun cruisers would  
be built out of the original 15-cruiser  
program that congress laid down  
just after the London parley but  
which never were built. This would  
leave ten 10,000 ton 8-inch gun  
cruisers authorized to replace other  
naval vessels to be retired as soon  
as they become obsolete under the  
London treaty terms.

Trammell announced he would  
press for early action on the bill.

## PA NEWC OBSERVES

Those people who are still inter-  
ested in technocracy and would like  
to know what it is all about, will  
welcome the news that "The ABC of  
Technocracy" by Frank Arkrigh  
can be borrowed from the free public  
library.

It took a lot of hunting this  
morning to find Miss Spring. How-  
ever, it won't be long now until the  
blossoms on the fruit trees will be in  
bloom, and early spring flowers will  
be bursting forth. After all, it is  
still the early part of April.

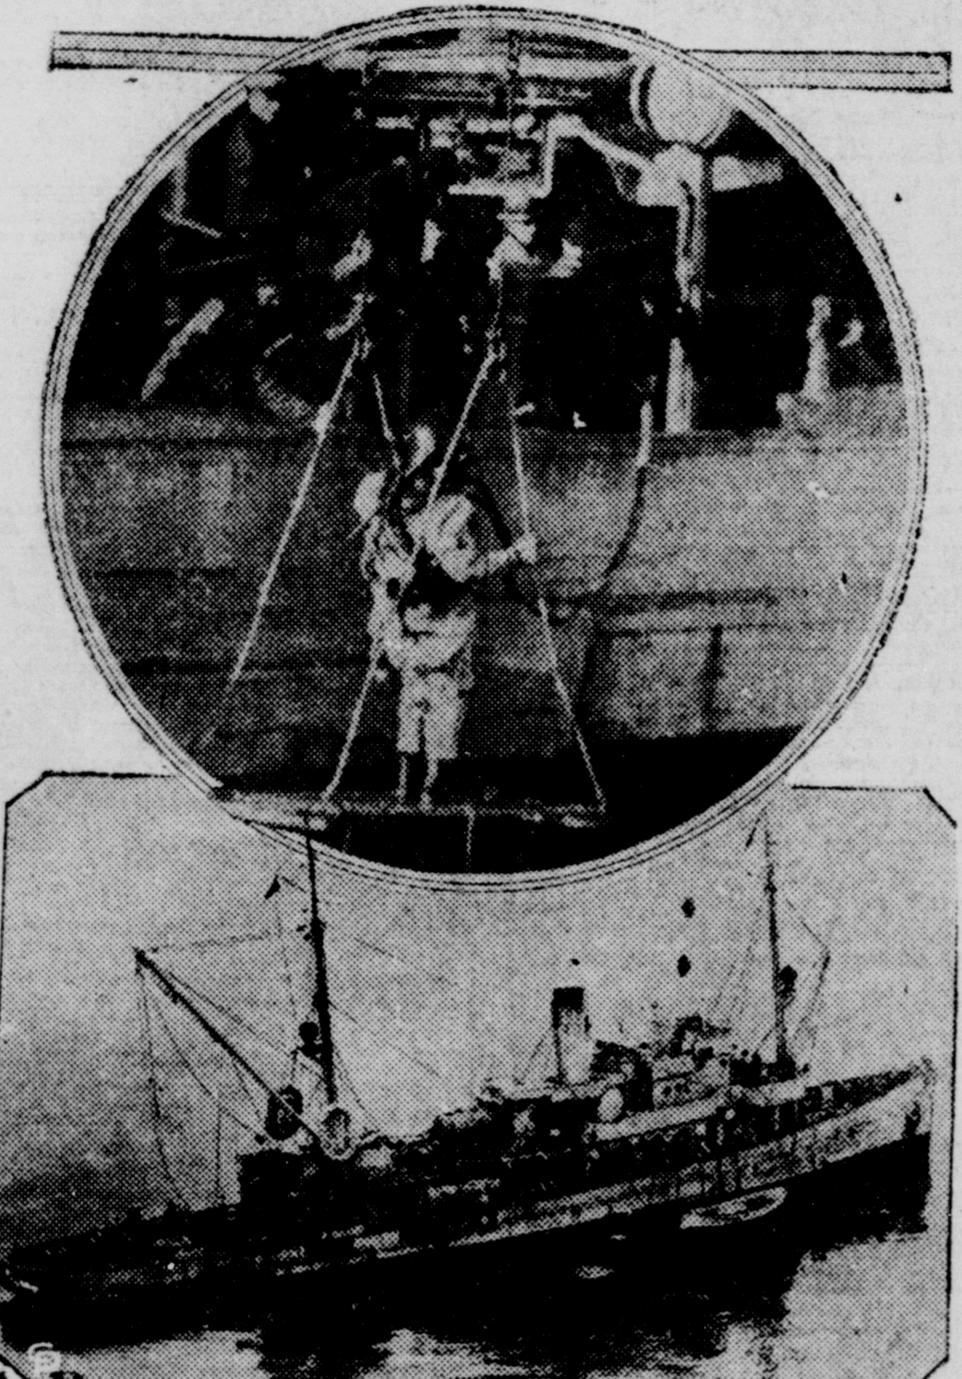

Youths in the vicinity of the Cen-  
tral fire department have turned  
their attention from mushball to  
"catty" this spring. In case you  
don't know what "catty" is, it is  
played with a piece of wood, several  
inches long and sharpened at both  
ends, preferably made from a piece  
of broom stick. Then a bat several  
feet long is secured. The player  
who is at bat, taps the sharpened  
end of the stick, forcing it into the air,  
and attempts to hit the "catty"  
while in air knocking it as far away  
from the base as possible.

Early spring rains are causing loc-  
al lawns to assume a beautiful  
coat of green. Pa Newc observed  
that the grass in some spots is al-  
most long enough to be cut with a  
lawn mower already.

The schools for which no funds  
were provided are West Chester,  
East Stroudsburg, California and  
Clarion. The Shamokin and Coal  
State hospitals also were over-  
looked.

The total set up in the bill is more  
than \$13,000,000 below the amount  
recommended by Gov. Gifford Pin-

## Seeking Akron Victims \* \* \* Divers At Work At Location Where Dirigible Went Down

Hopes for the recovery of the bodies of the 71 missing officers and  
men who lost their lives in the crash of the Akron are pinned on the  
naval ship, Falcon, above. With a crew of 72 men, including 22 divers,  
the Falcon was sent to search the undersea areas at the scene of the  
crash off the New Jersey coast. A diver is shown above going down  
from the side of the Falcon.

## Plan To Take Airship Macon Out Of Hangar

Commander Of New Airship  
At Akron Has Orders To  
Take Ship Up Monday

## WILL NOT SAIL IN BAD WEATHER

Lieutenant Commander Her-  
bert V. Wiley, Akron  
Survivor, Will Fly  
With Macon

BY CARL L. TURNER  
International News Service Staff  
Correspondent

ZEPELIN DOCK, AKRON, O., April 7.—In the absence of  
orders from Washington to the  
contrary, Lieut. Com. Alger H. Dresel, skipper of the U. S. S.  
Macon, went ahead today with  
plans to fly the Akron's sister-  
ship next Monday morning,  
weather and ground conditions  
permitting.

"I have orders to put The Macon  
through its first test flight as soon as  
it is ready," Commander Dresel told International News Service. "It  
will be ready Monday."

He admitted that the navy de-  
partment may yet postpone the in-  
itial cruise for a day or two, but did  
not anticipate delay.

Meteorologists occupied them-  
selves with careful atmospheric sur-  
veys. Late today or tomorrow they  
will advise The Macon's skipper  
what kind of weather he may expect  
Monday, and he will communicate  
the data forthwith to Washington.

**Wiley To Board Macon**

Commander Dresel has not been  
advised officially of a report cur-  
rent here to the effect that Admiral  
George C. Day, president of the  
navy board of inspection and sur-  
vey, in Washington intimated the  
first flight might be delayed until  
Tuesday.

Admiral Day and his inspection  
board, which likely will include The  
Akron's only surviving officer, Lieut.  
Com. Herbert V. Wiley, should ar-  
rive here Sunday. They will be  
aboard The Macon in all its test  
flights.

President Roosevelt has offered  
Commander Wiley and the other  
two survivors of the worst air craft  
disaster in history leaves of absence  
if they desire them, but the opinion  
prevailed here that Wiley would be  
on hand for The Macon tests.

Democratic leaders proposed  
to delay debate on the measure until  
after enactment of relief for insur-  
ance companies. The latter bill  
would authorize the Reconstruction  
Finance corporation to purchase stock  
and debentures of insurance  
companies, under certain conditions.  
One condition was that no insurance  
company could pay more than  
\$17,500 salary and bonus to any of-  
ficials.

The farm bill also faced stiff op-  
position from conservatives in both  
parties, who declared it would in-  
crease the cost of living, wreck the  
law of supply and demand and  
change the present system of gov-  
ernment. It was apparent the bill  
would be debated well into next  
week but that its ultimate passage  
was assured.

# LEGALIZED BEER IS SOLD IN 19 STATES

## Some Whoopee Parties Occur

New York's Celebration Is Flat Failure Due To Downpour Of Rain

## BEER ON SALE IN MOST CITIES TODAY

(International News Service)  
NEW YORK, April 7—This was the morning, not the morning after in most communities of the 19 states and the district of Columbia in which the new 3.2 per cent beer went on legal sale today.

A few cities celebrated the advent of legal beer, sale of which became permissible at one minute past midnight last night, with whoopee parties. But in most of the large cities of the land supplies of the newly legalized beverage were not available to the customers until after six o'clock this morning. In these communities the thirsty went to bed thirsty or slaked their throats with the bootleg product to which they have been accustomed for the past 13 years. But they woke up to find a new era in effect. Real beer was on sale in hotels, restaurants, soft drink parlors, drug stores and grocery stores.

**National Cheer**  
Thus quietly and without ostentation did the nation usher in the beverage whose return to legal sale has been hailed as the harbinger of a return to national prosperity, a balancer of national and state budgets and conductive to national cheer.

Mild celebrations were reported from Philadelphia, Pittsburgh, Chicago, Milwaukee, St. Louis, San Francisco and some other cities. Washington, the national capital, staged a lively celebration all its own.

New York's own scheduled "whoopee night" fell flat. Gotham was wet, wrinkled wet, but the moisture was supplied by a driving rain which kept all but the hardiest souls under cover.

of the Steele bill, the appropriation for it being \$11,000, as against \$10,000 for the current bi-annual.

The figures on the Steele bill may be revised, either in the Senate or by the governor. Dr. Steele is a physician in private life and he has the interest of the hospitals at heart. For that reason he has fought vigorously to get increased appropriations for all state-aided hospitals. Whether he can make the increases stick or not will depend upon developments.

Other hospitals in this section of the state that are included in the Steele bill are Beaver Valley General hospital, New Brighton, \$19,000; Christian H. Buhl hospital, Sharon, \$27,500; Butler County Memorial hospital, \$30,000; Grove City hospital, \$4,300; Providence hospital, Beaver Falls, \$12,600; Rochester General hospital, \$37,200.

## DOES RHEUMATIC AGONY DRIVE YOU CRAZY?

You cannot hope to get lasting relief from cruel, crippling rheumatic aches and pains if you are a slave to laxative drugs.

Medical authorities make no secret of the fact that often sluggish bowels contribute the poisons and acid conditions which result in painful, swollen, inflamed limbs and joints. You must stop these poisons at the source.

The Cream of Nujol treatment does this at a cost of only a few cents a day. Doctors specially recommend this new form of Nujol treatment for those suffering from rheumatic conditions. Cream of Nujol lubricates laxative-dried bowels, gives them new elasticity and activity, so that poisonous wastes are thrown off daily by natural peristaltic action. The new harm-free Cream of Nujol treatment will make you regular as clockwork and will not interfere with your work or your play. Moreover, it is delicious and easy to take. Get Cream of Nujol tonight at any drug counter.

shot in the budget submitted to the legislature last January. The governor already had cut \$38,000,000 from the budget for the current biennium. The two-year period which the general bill covers starts next June 1.

### Provides Drastic Cuts.

The measure provides for drastic cuts in many state departments and salary items are based on various provisions in the Turner code and the Howell resolution. This latter measure, already passed by the senate and awaiting house action, provides for a 20 per cent cut in all salaries after the first \$750 is exempted. Cuts have been made below budget recommendations in all items excepting the house, the senate, legislative journal, and the legislative reference bureau.

State police, under the appropriation bill, would be paid out of the motor fund instead of the general fund, the amended bill discloses.

Under the Turner measure the state highway patrol would be transferred from the department of revenue to the department of state police and the appropriations bill provides that pay for both organizations shall come from the motor fund which is made up of moneys received from the licensing of automobiles and drivers. The move would relieve the general fund of an outlay of \$2,491,500 and would also result in that much less available money for road purposes.

The senate, of course, may amend the bill further. That body for instance, has already defeated a bill to transfer the state highway patrol to the department of state police.

## SURVIVORS TELL STORY OF CRASH BEFORE PROBERS

happened to other parts of the great ship.

The witnesses were spared from cross-examination and the hearing was adjourned until next Wednesday.

Deal told the committee of the last known conversation of Rear Admiral William A. Moffett, chief of the navy's air service, who was numbered among the 73 victims.

"At about 8:15 p. m. while standing there (on watch) Admiral Moffett came up the gangway from the control car and I said 'good evening, admiral.' He replied 'good evening and proceeded to the control car or officers' quarters.

### No Great Alarm On Ship.

"He asked me if I was on watch and I replied 'yes sir, I have the telephone at this station.' He stopped on the first step leading down the gangway and I said, 'Admiral, you must like flying on this ship.' He replied, 'I am fond of it, much more so than the other.' (Meaning heavier than air, I presume.)

"He further said, 'It is much better than the Shenandoah.' I replied, 'Yes sir' and he then proceeded to the control car."

Deal's testimony showed that no great alarm was felt on the great ship in spite of a terrific electrical storm until shortly before she crashed.

At five minutes past midnight Deal went into his bunk in the outer keel.

"I happened to be looking up and noticed the No. 7 cell was switching quite more than usual," said Deal. "While looking at this cell the ship gave a terrific lurch sideways and longitudinal girders seven and eight gave way as well as some of the wires."

### Survivors Are Undaunted.

WASHINGTON, April 7.—Undaunted by the Akron disaster, the three survivors of the giant navy airship want to fly on her sister ship, the Macon, now about ready for her trial flight at Akron, O.

Lt. Com. H. V. Wiley, who had been detailed to inspection duties on the airship next week, probably cannot go because of the Akron crash investigation. He said he would fly on the Macon as soon as he could.

The two enlisted men survivors, R. E. Deal and M. F. Erwin, both said they wanted to fly on the Macon.

Deal is a survivor of both the Akron and Shenandoah disasters.

### UNABLE TO AGREE

SO GO TO COURT

The case of Joseph R. Durbin against John Papa is on trial before Judge James A. Chambers at court today. It is one in which the parties were neighbors and did work for each other. When it came to a settlement they could not agree and the suit resulted.

## Akron Survivors Fly to Inquiry

The three survivors of the Akron disaster are pictured as they left the Naval Hospital at Brooklyn, N. Y., to fly to Washington to give their version of the tragic occurrence to a special board of inquiry. Left to right are Richard Deal, of Lakewood, N. J.; Moody Erwin, Memphis, Tenn., and Lieutenant Commander Herbert V. Wiley, who was second in command of the dirigible.

## Team Captains For Young Men's Unit Of Y Drive Listed

### Dingledy To Lead Division, With Nine Teams Comprising Forces

Organized to go into action the minute the drive opens teams for the young men's division of the coming Y. M. C. A. membership campaign today were assigned their captains by Paul G. Dingledy, young men's division chairman. The drive opens April 18 and continues to the 21st inclusive.

Dingledy announced the following would head the teams:

Team No. 6: Joe Bara: team 8, Chris Clark; team 9, Howard M. Kirk Jr., team 10, William Toner; team 11, Charles Culbertson; team 12, Lou Harlan; team 13, Charles Jones; team 14, George Anderson, and team 15 Lawrence Gibson.

At the Y. M. C. A. tonight the first dinner of the entire campaign, that of the usual preliminary caucus of boys' team workers, will occur. Division chairman Grant Wadde and others will outline to 50 boy workers the plans for the four-day drive, and teams will map their plans of action.

On the 18th the entire group of workers are to gather for the drive's formal opening. Fred L. Renz is general chairman.

"I happened to be looking up and noticed the No. 7 cell was switching quite more than usual," said Deal. "While looking at this cell the ship gave a terrific lurch sideways and longitudinal girders seven and eight gave way as well as some of the wires."

### Decrees Are Granted In 2 Divorce Cases

Two decrees in divorce were handed down by Judge James A. Chambers at court this morning.

Emma H. Meyer was granted a divorce from John N. Meyer, on the grounds of cruelty. They were married in May 1918 and lived together until September 1932.

Kenneth Houk was granted a divorce from Josephine Houk on the grounds of desertion. They were married in Cleveland in April 1925 and shortly afterwards went to New Bedford, Mass., where they set up housekeeping. Houk says his wife left him in July of 1926.

Deal is a survivor of both the Akron and Shenandoah disasters.

## Deaths of the Day

### Time Of Funeral

Funeral services for George K. Kelso, Edensburg, will be held Sunday at 3 p. m. from the home, with Rev. J. M. McMains officiating. Interment will be made in the Harbor church cemetery.

### Mrs. Dora Douds Quinn.

Mrs. Dora Douds Quinn, widow of Thomas Patrick Quinn, died Thursday, April 6 at 5:30 p. m. at the home of her brother, Elder D. Douds, 3168 Davis street, Youngstown, O., following a short illness.

Mrs. Quinn was born in New Castle on December 23, 1876, the daughter of David and Louise Elder Douds and was 56 years of age. She had been a resident of this city practically all her life, with the exception of three years she spent in Wilmington township, Mercer county, on a farm and two years spent in Youngstown following the death of her husband.

She had been married nineteen years. She was a member of the Methodist Episcopal church. Her husband preceded her in death two years ago. She had many friends by whom she was held in the highest esteem.

She leaves the following brothers, Harry Douds, Clarksburg, West Va., Edward, Louis and Elder Douds of Youngstown and Frank and John Douds of Sharon.

Funeral services will be held Saturday, April 8 at 2 p. m. at the home No. 2 Maitland street. Interment will be made in St. Vitus cemetery.

### Mrs. Mary M. Hinkson

Mrs. Mary M. Cox Hinkson, aged 91, died Wednesday at 6 p. m. at the home of her daughter, Mrs. J. M. Rutter, Hubbard, Ohio, after an illness caused by a broken hip and arm, which she sustained last July.

She was the daughter of William and Mary Fulkerston Cox and was born in Scotland Lane, October 8, 1841, and had lived here the earlier years of her life.

She is survived by three daughters, Mrs. Ella Wiskosky, Youngstown, Ohio; Mrs. Frank Switzer, Bradford, and Mrs. J. M. Rutter, at whose home she died, and two sons: B. C. Hinkson of 211 Pearson street, this city, and Charles K. of Youngstown, Ohio, and twelve grandchildren. She was the widow of Jethro Hinkson.

Her grandson, William Perrott, is also lying dead in the Shriner Funeral Home, Youngstown, Ohio, and his funeral service will be held Saturday at 1:30 p. m. and Mrs. Hinkson's son at 3 p. m. from the Shriner Funeral Home. Interment for both will be made in Hubbard, Ohio.

### Mrs. Emma Jane Warner

Mrs. Emma Jane Warner, aged 91, died Thursday afternoon at her home in Petersburg, Ohio.

She was the widow of James Warner and a former resident of North Beaver township, having been the last member of the Elijah and Susanna Shaffer family.

She is survived by two daughters: Mrs. Edith Moore, Poland, Ohio; and Olive Warner, Youngstown, Ohio; a son, Elmer Warner, of New Middletown, Ohio, and a number of nieces and nephews of New Castle.

Funeral services will be held Monday afternoon at 2 p. m. from the home of Petersburg and interment will be made there.

### MARTHA SHRIE HAS PUBLIC INSTALLATION

A most impressive public installation ceremony was held by the Martha Shrine 14 of the White Shrine of Jerusalem Thursday evening in the Third United Presbyterian church when the members of the choir entertained.

The stage was furnished to represent a living room and ferns and palms banked the foot lights and the room was only lighted by the candles which centered the individual tables, and the pastel Easter shades were effectively used in appointments.

Beautiful decorations added to the background as the officers took their respective stations. Mrs. Ruth Boyd is the retiring worthy high priestess and Mrs. Harriet Sweeny the incoming presiding officer. As Mrs. Sweeny took her place she was presented with a basket of gorgeous flowers.

A clever original skit was given by Mrs. Dorothy Ossard, Mrs. Bertha Beahm and Mrs. Anna Rowland as they presented gifts to the various dignitaries.

A pleasing musical program was given, with Miss Mary Harvard singing three numbers. Mrs. Charlotte Emery a violin solo and Bill Fletcher three vocal numbers.

### Junior Woman's Club

The members of the junior Woman's club met Thursday evening in the home of Gertrude Chapin on the New Wilmington road.

The subject for the evening was "Modern American Poets" and interesting papers were read by Belle Offutt, Elma Robinson and Agnes Webster.

A business meeting followed and roll call was answered by a quotation from an American poem. The program committee is working on the program for next year.

The April 20 meeting will be held at the home of Floyd Geiger on the Old Pittsburgh road.

### Swas-Tika Class

Mrs. Ernest Anderson of Franklin avenue entertained the members of the Swas-Tika Sunday school class of the First Congregational church at her home on Thursday evening.

A short business meeting was conducted and later games were played. A prize was awarded to Miss Mary Johns.

Lillian Markwell was taken in as a member. At a reasonable hour a tasty lunch was served by the hostess, assisted by Mrs. Frances Cope, Mrs. Laura Miles and Miss Markwell.

In two weeks Miss Mary Johns, of Park avenue will be hostess.

### Thimble Sewing Club

Members of the Thimble Sewing Club were guests of Mary Wilcox on Wednesday evening with sewing as the evening's diversion.

Refreshments were served after a sociable evening and Helen Okonsky will be hostess to the club in two weeks.

### MISS HELEN BLAHA REWARDED FOR WORK

Miss Helen Blaha, daughter of Mr. and Mrs. Julius Blaha, 432 Winter avenue, has had a well deserved honor bestowed upon her at Northwestern University, Evanston, Ill., where she is a student.

Miss Blaha was made a member of the Thalian Dramatic club of the University this week. The club is composed of students who have done outstanding work in the Children's Theatre productions. She has earned the seven points necessary for membership in the organization by working on stage crews, helping in the production of the plays, acting and serving on various committees. She is a senior in the School of Speech.

The Thalians were instrumental this year in the success of such plays in the Children's Theatre as "Tom Sawyer," "Hans Brinker and the Silver Skates" and the "Boor-geois Gentilhomme." They are now working on a production of "Alice in Wonderland."

### ELKS CLUB PARTY ATTRACTS SIXTY

The Elks club building was the stage for another of the card parties which are becoming so well known for their pleasantness. Sixty men and women were there last night and took part in bridge and 500 playing. The high score prizes went to the following:

Women's 500 prizes—Mesdames McLaughlin and Doyle.

Men's 500 prizes—Joshua Morgan and E. S. Steinmetz.

Women's bridge prizes—Mrs. Berenice Ryan and Mrs. Jane Lindecker.

Men's bridge prizes—G. J. Vargo and C. E. McHard.

The high scores and second high were in the order listed.

A delicious lunch was served later. The committee on arrangements consisted of Mrs. Benjamin Agnew, assisted by Dr. C. L. Hughes, E. F. Ryan, Benjamin Agnew and E. J. Ryan.

The next card party will be on April 20. This will be the final one of the season. They will resume again in the fall.

### STAG PARTY HELD AT FIELD CLUB HOUSE

William Nunn was a most delightful host Thursday evening when he entertained members of the Field Club at a "stag" party in the club house Thursday evening.

Many novel features of entertainment were cleverly introduced throughout the evening and a bridge contest was held with Dr. E. E. Everett and Home Drake coming out ahead and being awarded prizes.

Refreshments brought a most interesting evening to a close.

### Elmwood Bridge Club.

Mrs. Clifford Bradford, Marshall avenue, assisted the members of the Elmwood Bridge club in her home Thursday evening with cards as the evening's entertainment.

When play was concluded prizes were awarded Mrs. Velma Smith and Mrs. Dorothy Sawatske of Rochester.

Spring colors were effectively used when the hostess and her aides, Mrs. Ben McCann, Mrs. Cliff Roberts and Mrs. Jesse Wilson, served a dainty menu of refreshments.

May 11 the group will meet with Frank Hay, Gardner Stop.

### Reunited Ladies' League

The Reunited Ladies League had a delicious tureen dinner Thursday evening in the home of Mrs. Mary Clarke, Neshannock avenue, and at conclusion of serving a business meeting was held after which bingo was the amusement of the evening.

Prizes were won by Mrs. Mary Weyman, Mrs. Ann Nolte and Mrs. Mary Williams.

April 20 the club will be entertained in the home of Mrs. Mary Skidmore, Mercer street.

When play was concluded prizes were awarded Mrs. Velma Smith and Mrs. Dorothy Sawatske of Rochester.

In serving refreshments the hostess was assisted by Mrs. Joseph McCoy.

April 20 the club will meet in the home of Mrs. Louis Long, Mills way.

### M. A. Q. Club.

Mrs. John Kenehan was a most gracious hostess Thursday when she entertained the members of the M. A. Q. club in her home at 1 o'clock luncheon, with Mrs. K. E. Voorhees presiding at the urn. Places were arranged for ten guests at an effective pink and white decorated table.

The afternoon hours were most informal and plans were made to meet April 20 at the home of Mrs. Emerson Flansburg, Rose avenue.

The meeting was adjourned to meet in two weeks at the home of Mrs. James Richards, Chestnut street, Saturday evening.

### Juanita Club

The Juanita Club will be entertained by Mrs. E. D. Jackson of Enon Valley at the home of her daughter, Mrs. Paul Lusk, North street, Saturday evening.

### SILVER COFFEE AT GRANGE HALL

One of the loveliest social events of the season was held Thursday evening in the grange hall at East Brook, when the members of the grange entertained at a "silver coffee."

Mrs. E. A. Pontius was general chairman of arrangements and the hall was beautifully decorated in flowers and greenery for the event. A splendid program of music and readings entertained the group, with Miss Pearl Hutchison, teacher of the Highland school, as special entertainer.

Refreshments were served from a most picturesque "coffee" table, after which a program of games kept the more than 100 guests in a lively mood.

The entertainment was planned by Mrs. Margaret Houston, Glenn Patterson and Mrs. Thomas Lindsey.

### GARDEN CLUB HAS AFTERNOON SESSION

The lovely home of Mrs. Marcus Feuchtwanger, Laurel Boulevard, was the scene of a special meeting of the members of the Garden Club Thursday afternoon when a most interesting program on "Flower Judging" was given with Mrs. W. C. Eckenrode leading the discussion.

The Garden Club will have charge of the decorations when the club institute for the Federated clubs of Butler and Lawrence county is held in the First Presbyterian church on April 27.

Mrs. B. H. Kannenberg had beautiful illustrations for her part in the "judging" program.

Mrs. W. C. Eckenrode, the club president, made an interesting announcement when she stated that there are four garden clubs just ready to be organized in the county.

April 12 the regular meeting of the club will be held with the group from Mt. Jackson.

### Quilting Club

Friendship Quilting club met all day Thursday at the home of Mrs. Theodore Kephart, 1424 West Washington street. A delicious tureen dinner was enjoyed at 1 o'clock, with the hostess being assisted at the table arrangements by Mrs. William Wheaton.

Eleven members and one special guest, Mrs. Helen Rodger, were present.

After the Easter holidays the club will meet with Mrs. Wheaton at her home on Matilda avenue.

### Moonlight 500 Club

Members of the Moonlight 500 club were entertained Thursday evening in the home of Mrs. William Murphy, Butler avenue, with cards as the diversion of the evening.

#### FALLING ASLEEP

Some people boast that they fall asleep the minute their heads strike the pillow... Poor folk! How much they miss. Imagine falling asleep so promptly, imagine missing that delightful half an hour or so when you muse and doze and muse and doze and feel sleep creeping over you and slip so pleasantly in the arms of the god the Greeks called Morpheus... That's the pleasant time when you're half asleep and half awake and know you'll be entirely asleep before the clock has moved half-way round the circle.

Remembering your childhood, picking out the cherished moments, turning over the more joyous pages.

Little triumphs... Fixing the washing machine. Stopping the squeak in the door hinge. Making that six bid in hearts (contract bridge stuff) when you didn't think you would... Slight increases of your vanity: comforts for your humiliations.

The good smell of the brown earth coming through the half open window... Green things growing in the night. A feel of rain in the air. Moonlight drifting through the leaves... Spring is so wonderful, so encouraging... The earth is so rich. Roses come out of it, and tulips like small flames against the brown. And so do nettles and spinach come forth from the earth... Nature is too tolerant.

Nature takes care of you. Doctors try, and fail. But they do try... Colds... Bill's kids have whooping cough... Kids. Goats... Had dream once in which goat butted me around and woodpile fell on me... Terrible dream... Sleep?... Sleep's very nice... See... you see you... in the... morning.

He emphasizes the "anarchy in China" and cites that as being "at the root of all the troubles in the Far East." Peace and welfare, he insists, is the purpose of Japan in the Far East and "the reason for Manchukuo."

All of this is old argument. It has been used repeatedly by Japanese officials and has become stale. Like his colleagues in Tokyo, Mr. Matsouka sees the situation solely from the Japanese viewpoint, totally disregarding the important question of Japan's treaty obligations which have been so flagrantly violated.

He admits that world opinion is against Japan, but it is a case where all nations are out of step except Japan.

"It is not a pleasure for me to fight," he says, "but I have had to fight for my country. I have tried to make the western world understand the difficulties of Japan's position. Japan has been waging a war against a world that has misunderstood her, and she has suffered a defeat. I believe time will justify her action. I am confident that at a not far distant date the rest of the world will say that we have not been wrong or selfish in our motives."

The misunderstanding is on Japan's part rather than the world's. The ruthlessness with which Japan has ignored treaties in pursuit of territorial conquest is a firmly established fact in the minds of all who have followed the Japanese policy. This can not be dodged. And, as to the maintenance of peace in the Far East, where is any peace there? The flames of war continue to spread with the torch being borne by Japanese hands.

It is Japan that needs to awaken. The probability is that eventually she will. She may think now that she can continue to defy world opinion, but such is not likely to prove the case. Her statesmen would do well to recognize this before it is too late for the consequences to be avoided.

### MR. MACDONALD COMING TO WASHINGTON

That a visit to Washington of the British Prime Minister would be one important episode in the preparatory discussions of the world economic question has been quite generally taken for granted. Mr. Macdonald was known to wish to make it, and the president's expression of his hope that he will do so removes the only obstacle in the way. The statement comes from London that provisional arrangements are already being made. Parliament will adjourn over the Easter holidays, and the Disarmament Conference does not reassemble until the end of April. The way is therefore clear for the prime minister and the president to meet and talk things over.

The French Foreign Minister, who has been having interviews with Mr. Norman Davis, ambassador-at-large to Europe, has announced that he will be glad to send representatives either for a similar purpose. The desirability of France as well as Great Britain being represented is obvious. But the way for French participation in the prospective informal discussions would be smoother if the Chamber of Deputies would assent to payment of the December instalment of the debt to the United States, as M. Herriot urged in vain, and as M. Daladier, the present premier, also would have it.

Great Britain as present holds a position of advantage which it would be to the interest of France to share with her.

### STATE TO DRAW TOURISTS

Tourist travel through Pennsylvania this year will be as heavy as in 1932, a survey by the Pennsylvania Motor Federation reveals. The federation estimates that at least \$75,000,000 will be spent in this state by motor tourists during 1933. Pennsylvania should make the most of this situation.

Among the favorable signs cited to show the trend are: That winter travel to Florida, always a barometer for the spring and summer season, was heavier this year than at any time since the Florida boom.

That inquiries to motor clubs regarding vacation trips are more numerous so far this year than in the same period of 1932.

That thousands of Pennsylvanians are contemplating motor trips to the Chicago World's Fair, which is scheduled to open June 1.

That hotel rates and other travel costs are the lowest in ten years.

That many who previously did little touring because of the press of business will, with more time for recreation, take trips they've been looking forward to for some time.

### A CIRCUS GOLDEN JUBILEE

The current appearance in New York of the Ringling-Barnum "combined circus" is described as a golden jubilee anniversary. Undoubtedly the occasion is worth noting. The circus plays a large part in American life, especially in the case of youth, and more intellectual diversions might be less missed. Nor is there any doubt that the circus in its new estate is a spectacle of impressive brilliance.

Yet to those of the older generation in whom memory is still vivid there is a certain sense of loss in the progress which has been achieved since former days. The one-ring show made less strenuous demands on the attention, and the antiquated jokes of the clowns still brought their merriment. But probably these things would seem very dull to us now.

### Bible Thought For Today

An unjust man is an abomination to the just; and he that is upright in the way is abomination to the wicked.—Proverbs 29:27.

WIFE SAVES THE DAY

As soon as Mr. Jones saw Mrs. Chippleigh coming up the garden path, he fled to his study and left his wife to her fate. Half an hour later, hearing a door shut, he went down and put his head inside the drawing room.

"Has the old crow gone?" he asked. "Yes, dear," said his wife. "About an hour ago. And now dear Mrs. Chippleigh has called. Isn't it sweet of her?"

Correct this sentence: "I enjoy doing business with him," said the man, "because of his take-it-or-leave-it attitude."

No wonder Mr. Roosevelt gets a good "press". The doorman announces newshawks to him as "gentleman".

Doing nothing takes up about twice as much time as doing something.

Civilization seems to be a frantic search to find a substitute for some substitute.

TODAY'S STORYTELLER

The secretary of a huge store, obviously upset, dashed into the manager's office.

"Good gracious, man," snapped the latter, "whatever has happened?"

The secretary calmed down somewhat.

"It's Robinson, our traveler," he explained. "Used most insulting language. Told me to fry my face,

and he said you could go and chase yourself."

"He did, did he?" snapped the manager. "We'll fire him without ceremony. Let's see, he's been with us for five months. What business has he done in that time?"

"A thousand dollars the first month," said the secretary, reading from a book, "three thousand the second month, five thousand the next and ten thousand the next."

"Mm," remarked the manager thoughtfully. "I often think I ought to take a little more exercise, and I dare say the caretaker will give you a frying pan."

### Farm Credit Consolidation Raises Hope Of Efficiency

Results Of Presidential Order Awaited By Public, Which Believes Simplified Machinery Will Aid Both Government And City Producers

The several branches of Federal financing in aid of farmers, it is hoped by the public, will gain efficiency through the consolidation provided by an Executive order from President Roosevelt. Unification of farm credit agencies, with Henry Morgenthau, Jr., of New York, as chief, and termination of the old Farm Board, are viewed with favorable interest.

"These agencies have been rather confusing in their multiplicity," according to the LINCOLN STATE JOURNAL, which holds that "government aid to agriculture can be handled much more cheaply than it has been, and things will be more convenient for those depending upon the government for help." The SPRINGFIELD (MASS.) UNION suggests that "other haphazard creations of the government in the past might profitably be consolidated, with the elimination of non-essentials as well as duplication." That paper adds: "The agencies to be merged are: the Farm Board, or at least its stabilization corporations, the Federal Farm Banks, the Joint Stock Land Banks, the Intermediate Credit Banks, the Agricultural Credit Corporation that Congress set up in connection with the Reconstruction Finance Corporation and two agencies of the Department of Agriculture—the Crop Production Loan Bureau and the Loan Bureau to aid local agricultural associations."

"Important and economical action" is seen by the OSHKOSH DAILY NORTHWESTERN, which points out that "unification would save approximately two million dollars." The SAN FRANCISCO CHRONICLE declares that "the two million dollars is the first earnest on the promise of money to be saved made by a long line of presidents." Advising that "the ultimate saving cannot be estimated at present," the PHILADELPHIA EVENING BULLETIN finds "deserved commendation" for

# Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

## USE DRY, LIGHT LITTER ON CHICK HOUSE FLOORS

Many Lawrence county chick raisers are quite concerned about the kind of litter to use.

Thorough cleaning possibly is more important than the kind of litter used. Since coccidiosis spreads under suitable conditions of warmth and moisture, it seems essential to remove the litter whenever it shows evidence of dampness.

Numerous farmers in the state used ground corncocks on brooder house floors last year. Most of them like this litter so well that they plan to continue using it. This material should be ground so that there is as little dust as possible. Probably none of the pieces should be more than one inch in diameter.

Other litter materials commonly used are shavings, oat hulls, peat moss, and straw. The latter should be cut in pieces 1 to 1 1/2 inches long.

Coarse materials pack down on the floor and the manure is likely to remain on top.

Anything used for litter should be light in weight, so that the droppings will be covered. Dryness is another important quality of litter.

## HEALTHY SEED POTATOES ESSENTIAL FOR PLANTING

Soil well supplied with humus, the use of good, healthy seed, and thorough spraying practices are recognized as principles of major importance in growing good crops of potatoes.

Naturally, potato growers at present are interested in the most economical methods of production. A lower cost or seed, fertilizer, spray materials, and labor will make it possible to cut the 1933 production expense below the figures of recent years.

An attempt at further economy by using inferior or poor seed is a dangerous venture and may prove to be a costly practice, since inferior seed not only results in lower yields but also contributes to poor quality in many crops.

In the interest of real economy it is best to stay within the limits of the following recommended practices: (1) obtain all seed from a disease-free northern source annually, or (2) obtain sufficient disease-free northern source seed annually for growing seed to be used on the farm the following year, or (3) obtain well-grown and well-stored seed one year removed from a disease-free northern source from a reliable local grower.

Indications point to a scarcity of good seed this spring. Growers who intend to buy should do their shopping early to make sure of an ample supply of good seed for planting. Wherever possible some disease-free northern grown seed should be used.

## TAKE CARE OF MARES TO GET LIVING FOALS.

It is estimated that only about 60 per cent of the mares bred each year produce living foals. A large share of this loss can be prevented by proper feed, care, and management of the brood mare.

Idleness, the bane of horse breeding, should be avoided. Working mares are more certain to produce good foals than idle ones, but judgment must be used in working them. Too heavy pulling, over-exertion, and backing heavy loads must be avoided. When not working, the mare is best cared for by having the run of a pasture. As foaling time

son for this valuable orchard practice is now at hand.

Apple trees, 15 years and even older sometimes, may be readily top-worked to a different variety through one or more of the several methods of grafting.

Some information can be obtained from Farmer's Bulletin 1567, "Propagation of Trees and Shrubs."

This publication is available free of charge from the Office of Information, United States Department of Agriculture, Washington, D. C.

Some growers have occasion to top-graft nursery trees which have proved to be a different variety from that which they ordered. Others will want to work over some trees to provide for better cross pollination and consequently better yields in large blocks of trees which have been planted solid to one variety. Still others are planning to graft wild trees to desirable varieties.

Saving trees which have been entirely or partially girdled by mice or rabbits may be accomplished thru bridge grafting. The most satisfactory time to do this work is a little later in the spring when the bark is slipping. To insure best results, the scion wood should be cut while still dormant and stored in a cool place in moist sand or earth.

It is not necessary that the injured tree be dormant at the time the grafting is done. Long, thick, and well-matured terminal shoots of last year's growth make the best scions, but suckers are a satisfactory substitute.

Survey the orchard now for injured trees for injury." Do not wait until the small, sickly, yellow leaves this summer tell you that the trees have been girdled.

Coming Monday—  
Three Days OnlyItaly Will Spend  
More On Education

ROME, April 1.—Italy is spending several millions more on educational enterprises during the fiscal year 1933-1934. Most of the money will go to building new school houses in the south, especially in Calabria. In some of the smaller towns elementary schools are doing two shifts a day to accommodate all the pupils.

Special terms will be held out to promising young men to train as teachers. At present there are not enough and their places are being taken by women.

## Shaw Plans To Remain Silent Before Press

Famous Dramatist Says New York Reporters Will Get Cold Shoulder

### WILL STAY ON BOARD VESSEL

(International News Service)

ABOARD S. S. EMPRESS OF BRITAIN, AT SEA, April 7—George Bernard Shaw will say nix to New York newspaper men when they try to interview him, he made it plain today, although he may receive reporters when he arrives at Havana, Cuba.

The dramatist is due to arrive in New York April 11 and when he gets there he intends to make a speech that will settle the affairs of the world.

Evidently Shaw, a vegetarian himself, has a healthy respect for the New York reporters, most of whom Shaw understands, train on beefsteak and 32.

A few days ago he confessed he "trembled" at the prospect of "what they will do to me" and today he added:

"It is not a question of mental preparation for my metropolitan address. I have known for years that I shall say but I desire to conserve my physical energy. I don't want to lick Dempsey in the afternoon and whip Tunney in the evening."

Shaw indicated he would decline overnight invitations while in New York and would sleep aboard ship. He emphatically denied he would remain in the United States for three months, as was rumored.

### NO GREAT RUSH TO BUY BEER

Places Selling Beer Are Not Taxed To Much Of Capacity Today

Beer returned to New Castle today but not in the rush that friends might have anticipated. Sales were not heavy at any place of sale, nor was there any rush of customers that taxed the capacity of the sales places.

By 8 o'clock beer was on sale at perhaps 100 places throughout the city.

It was pointed out today that there is a federal retail license fee that must be paid by retailers and the probabilities are that federal internal revenue collectors will be calling upon the places where beer is being offered for sale. This license is merely a tax and does not regulate the sales. That is a matter for the state to do, and this has not been done as yet.

NEW YORK, April 7—Herbert Nathan Straus, vice president of R. H. Macy & Co. and president of L. Bamberger & Co. of Newark, was dead today, the victim of a heart ailment which had confined him to his home since February 23 last. He was 51.

He was the younger brother of Jesse Isidor Straus, newly appointed American ambassador to France, and of Percy S. Straus, president of R. H. Macy Co.

# Coroner Changes His Testimony In Youngstown Trial

Dr. M. E. Hayes, Coroner, Repudiates Death Certificate In Neff Trial

## WAS SUSPICIOUS OF DEFENDANT

Defense Maintains That Canfield, Ohio, Woman Was Slain By Accident

(International News Service) YOUNGSTOWN, O., April 7.—Testimony for the state in the murder trial of Cyrus H. Neff, of Canfield, was continued here today following repudiation of a death certificate by Dr. M. E. Hayes, county coroner.

Dr. Hayes said that although he signed a death certificate stating that Neff's wife had died of "accidental gunshot wounds, shock and hemorrhage," he thought at the time he examined the body that the death was a murder. The coroner was the second witness called by the state.

### Insurance Plot

The defense maintained in its opening argument that Mrs. Neff had been shot accidentally. Neff had stood the gun up on end when it went off, it is said.

Prosecutor A. M. Henderson told the jury in his opening statement that Neff had killed his wife that he might collect \$5,000 insurance due her as a war nurse.

## Hear Rabbi On German Trouble

Rabbi Grossfield's Talk To Mark Meeting; Rev. Joshua Is Heard

### URGES ACTION TO AID INDUSTRY

Likening Dictator Hitler of Germany to the heartless Haman, whose cruel persecution of the Jews is vividly recorded on Bible pages, Rabbi Avery J. Grossfield, in an hour's address before the Lawrence County Council on the Cause and Cure of War at the Y. W. C. A. last night, reviewed the high spots

of the present anti-Semitic trouble abroad.

Gathered to hear the Temple Israel rabbi's message were a large percentage of the council's members, numbering several of Mr. Grossfield's congregation.

Emphasizing that, in his own opinion, three factors are involved in the present Jewish-Nazi controversy, Rabbi Grossfield described them in this way:

"First, we have always had a fear of hate for that which is different; secondly, Hitler mistakes might for right, and thirdly, they have the 'buck passing' habit, so common among men since Adam blamed Eve in the garden of Eden," he declared.

At length Rabbi Grossfield recounted the oppression of Jews in past centuries, telling how cruel and barbarous were the rulers in different lands.

The rabbi said that in Germany today there are only 600,000 Jews, while Germans number 65,000,000. He said the entire "world jury" of Jews, numbering everyone, totalled only 15,000,000.

Pastor's Talk Heard

The Rev. C. S. Joshua, chairman of the group spoke after Rabbi Grossfield's open forum period closed. But he took another subject, that of industrial betterment, for his theme.

Then he asserted:

"What is a most unfortunate situation in our city is the failure of political and business leaders to come to an agreement on matters of this kind. It is time that all hatchets were buried. Prejudice, bias and bitterness should have no place in these matters, especially at a time like this. I make a plea for a great get-together in mutual understanding and regard so that constructive measures can be taken to relieve this trying economic disturbance. Pittsburgh has set a great example. Let Lawrence county and New Castle reveal the same unanimity of thought and aspiration so that we can play our part to bring about a much needed relief."

The Rev. Joshua urged New Castle to adopt a construction program schedule for the future.

The council transacted its routine business last night.

### Edison Urges All To Spend Earnings

(International News Service)

WEST ORANGE, N. J., April 7.—Charles Edison, son of Thomas A. Edison, the famous inventor, has posted a prosperity proclamation on the bulletin board of his company exhorting workers to spend money. The bulletin read:

"Buy anything, anywhere. . . . A car, a house; sing a song; get a haircut; get married; see a show. Do something—keep going—this old world is beginning to move."

It will have four bed rooms on the second floor and the usual first floor rooms and a built-in garage. The cost of construction, including landscaping, will be about \$5,000.

The house will be of the frameless steel design, each room being a steel box.

The exterior will be covered with large panels of weatherproof enamel.

### Occident Chinese Urged To Battle

(International News Service)

PARIS, April 7.—"Unite and throw the invader out of China." This is the battle cry of the Paris Kuomintang—or Nationalist Party.

Addressing a meeting here recently, President George C. Tsu of

the local body, demanded all China—Communist, Royalist and Nationalist—unite in preventing Japan "absorbing China piecemeal."

President Tsu asked all Chinese students of military tactics in the Occident to return to China and take part in the "defense" of their country against Japan."

Among the products being manufactured from corn cobs are mucilage, guncotton, talcum powder, shoe polish, printers' ink, leather textiles and the fireworks called "sparklers".

# Prophet Of Slump Now Sees Big Boom

NEW YORK, April 7.—James Truslow Adams, who says his prediction of the Wall street crash in 1928 was "very unpopular," now sees the possibility of a "stupendous boom" in America.

"I look to see recovery within the next two years, and possibly within one," said the banker-turned-historian today.

"I believe we may be on the threshold of a new frontier—a front-

## VARIETY OF ACTIVITIES AT COLLEGE

Plays, Sophomore Prom, Debate, And Alumni Meeting Are On Schedule

(Special to The News)  
NEW WILMINGTON, Pa., April 7.—A number of activities are listed on the Westminster college calendar for the week-end. Three one-act plays, which were presented in two performances last night under direction of Professor A. T. Cordray, are being repeated this afternoon.

The girls' varsity debate team is at Greensburg tonight where Seton Hill college girls will be met in a contest involving war debts as the question.

The Pittsburgh chapter of the

alumni association is holding its annual spring gathering in the Keystone Athletic club, Pittsburgh, tonight. Dr. R. F. Galbreath, Professor Harold J. Brennan, and the girls' chorus will provide the main talks and music.

Tomorrow night in the college gymnasium, the sophomore class prom will be held. The second-year class dance will be informal.

Varsity football spring drills start Monday afternoon. Coach John D. Lawther announces. The drills will probably last three weeks or more, and it is hoped that a night game can be arranged with a district team to top off the drills.

Dr. G. S. Bennett, chairman of the Lawrence County Emergency Relief board, stated today that all applications for seeds must be made with City Clerk Neil Williams not later than April 20. This is important as the committee must have some definite idea how many seeds to secure for the community gardens.

The movement is the result of efforts of a group of prominent re-

## Dog Catcher's Critics Get Bid To Tour City With Him

City Dog Catcher Charles E. Settle today openly invited his anonymous letter writers—those who would-be efficiency men who would have every stray dog bagged in one day's time—to ride with him on one of his city-wide inspection tours, and to judge his services.

Settle reported that a number of unsigned epistles have found their way to his mail box within the past week, carrying, in the main, complaints concerning the free-for-all

advantages the canines enjoy in the New Castle district.

The dog law agent welcomes constructive complaints from residents who sign their letters, he said. The anonymous writers don't bother him much.

At least twice daily Settle tours the city in search of roving dogs, and occasionally he makes an extra one. His jurisdiction for catching dogs ends where the dogs are in the properties of owners, he said.

experience the perplexing problems which the young Chinese must face when he first leaves his home land for American and European universities.

Sub-committees were formed to provide advice in the matter of obtaining passports and the drafting the letters of introduction for the students, and to maintain contact with the Education Division of the League of Nations as well as cultural organs abroad which can guide the Chinese youths.

## Calcium Deposits Worth Millions

(International News Service)  
SALT LAKE CITY, Utah, April 7.—Calcium deposits in Idaho, Utah and Wyoming are worth twelve billion dollars according to Oliver T. Baker, agricultural economist of the United States department of agriculture, who recently completed

a survey of the West's calcium resources. Baker said that the West would provide calcium for fertilizer long after the sources in other sections are depleted.

April 7—Karl Jorn, for eight years a tenor with the Metropolitan grand opera company, is now a resident of Colorado Springs and a mine operator in the Cripple Creek district. John, in addition to his musical accomplishments, is a scientist of no mean ability, and is working several mining claims, using scientific principles.

# Hitler Defends Action Of Nazi

Creation Of 'All-Nazi State' In Germany Is Defended By Chancellor

## CITIES STRINGENT IMMIGRATION LAWS

By ARNO DOSCH-FLEUROT International News Service Staff Correspondent

BERLIN, April 7—Citing American exclusion of certain races through stringent immigration laws Chancellor Adolf Hitler defended his campaign for purging German life of Jewish and alien influences in an address before a medical group today.

Assured of cooperation by Germans' Protestants and farmers in creation of an "all-Nazi state," the chancellor addressed his appeal to a representative body of the nation's cultural class in speaking to a delegation from the various associations of German physicians.

The United States, Hitler declared, has no grounds for staging a counter-reaction to recent events in Germany.

The American people, he said, were the first to draw practical political conclusions from the different value of various races by barring through immigration laws the undesirable influx of such races as appeared unbearable to the native citizens of the United States.

## Dogs Will Not Be Permitted To Run At Large In City

All Dog Owners Will Be Given Courteous Notice Where Complaints Are Made

"Dogs will not be permitted to run at large in the city during the coming months," said Chief of Police John F. Haven this morning, "but in every instance where complaint is made against certain dogs, the owners will receive courteous notice by letter, asking them to comply with the city ordinance and keep their dogs tied up."

"We intend to enforce the regulation of the city in this matter to the fullest extent, but if the dog owners will co-operate and make special efforts on the part of the police to enforce the regulation, unnecessary there will be every effort made by the police authorities to avoid any especially drastic action."

"We invite all dog owners to work with us in this matter and comply with the city regulation and keep their dogs tied up and there will be no cause for complaint in the matter."

## One Day Campaign In Central Church

Easter Day Will Be Featured By Intensive Evangelistic Services In Church

Under the leadership of Charles Warren Johnstone, minister, and A. W. Bauman, Bible school supt., the Central Christian church, Long and Pennsylvania Avenues will conduct a "One Day Evangelistic Campaign" on Easter Sunday. This unique plan gathers into one day of intensive

## An Eminent Physician Prescribed this Tonic

As a young man Dr. R. V. Pierce practiced medicine in Pennsylvania. His prescriptions met with such great demand that he mixed with Buffalo, N. Y. and put up in ready-to-use form his well-known tonic for the blood, Golden Medical Discovery. It aids digestion, acts as a tonic, and enriches the blood—clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear.

If you want free medical advice write to Dr. Pierce's Clinic in Buffalo, N. Y.

sive evangelism the activities usually distributed over several weeks. Its objective, which is to lead non-Christians to a definite decision for Christ and Christians without a spiritual home into membership is centered in the men, women and children contacted through the various departments of the Bible School and church. Adequate preparation was begun weeks ago, with all officers, teachers and workers acting as personal evangelists.

A unified service of the Bible School and church will be held at 9:45 a. m. All classes above the Primary Department will be seated together. The "Self Denial" campaign, inaugurated some time ago will be climaxed by the return of the banks distributed for that purpose. Easter also marks the tenth anniversary of the ordination of the minister, and he will present a report of his work during that time. A brief evangelistic appeal and the communion of the Lord's Supper will close the service, which will employ music appropriate to the occasion.

At 7:30 p. m. the chorus choir, under the leadership of David Lewis, will present "Life Eternal" a cantata by Fred B. Holton. An impressive baptismal service will close the day's activities.

## Plan Parents Day For Shenango School

May 5 has been set as Parents Day by Glenn W. Johnston, supervising principal of Shenango Township school. School buses will be used to transport the parents from their homes to the school and back and a program will be presented by the students of the school. The parents will be escorted over the building and the work of the various classes inspected.

## Some Farmers Say More Rain Needed

Frequent rains of late has given the impression that the ground must be thoroughly saturated, but farmers in some sections of the county report that there has not been enough rain yet. In hilly sections it is claimed that the water runs off so rapidly that it takes much more to thoroughly soak the ground than in level sections.

Let's have silver. It isn't yellow and it doesn't hide.

## Colgate Alumni To Gather April 15 In Pittsburgh

Andy Kerr, Jim Marks, Moving Pictures Are Part Of Program

Alumni of Colgate university, Hamilton, N. Y., will hold their annual Pittsburgh district gathering in the University club, Pittsburgh, on Saturday, April 15. Paul W. McAllister, McKeesport, is chairman of

the committee in charge of arrangements.

Included among the speakers at the dinner will be Andy Kerr, head football coach, and Jim Marks, Kiski. Moving pictures of Colgate student life and activities will be shown in all probability. Bernard P. Taylor, alumni secretary, and Dr. George Barton Cutten, president, will be present.

Approximately 80 alumni of Colgate live in Pittsburgh, suburban towns and western Pennsylvania.

## PALM SUNDAY WILL BE CELEBRATED IN TRINITY EPISCOPAL

Palm Sunday is strikingly observed in all Episcopal churches and in Trinity church, corner Falls

and North Mill street, a procession of palms will feature the morning service as the congregation sings "All Glory, Laud and Honor" and "Ride On In Majesty". The "Benedictus es Domine" by T. Tertius Noble; the anthem "By

Babylon's Waves", by Gounod the preludes "Choral Symphonie" and "Fantasie", as well as Tchaikovsky's postlude "Andante Cantabile" and "Rondo" by McCallin, will feature the musical part of the services at 11 a. m. and 7:30 p. m.

**Richman Brothers' Greatest Showing of Spring Styles**

**BUY YOUR EASTER CLOTHES** at Richman Brothers, direct from the people who make them. You'll be amazed how much better they will be and how much less they will cost you.

The reason is simple. By making our own clothes and selling direct from our factory to you, we have eliminated many items of wholesale overhead and you pay only one profit on our clothes instead of the usual two.

As a result, we are able to give you better fabrics, superior workmanship and much greater value... as well as a much lower price, quality considered.

Now, just before Easter... is a good time to see our enormous showing of new Spring suits and topcoats. It is the largest and finest selection we've ever shown. It includes every new style, fabric, pattern, and color... and there's a size for everyone, regardless of bodily proportion.

## Notre Dame Head Is Gravely Ill

Rev. Charles L. O'Donnell,  
Is Critically Ill With Infection Of Throat

### LAST RITES OF CHURCH GIVEN

(International News Service)  
SOUTH BEND, Ind., April 7.—The Rev. Charles L. O'Donnell, C. S. C., president of the University of Notre Dame, was in a serious condition at St. Joseph's hospital today suffering from a streptococcal infection of the throat.

Taken ill two weeks ago, Father O'Donnell's condition became so grave last night that the last rites of the Catholic church were administered at his bedside. The last rites were administered shortly after two Chicago specialists, Dr. F. O'Connor and Dr. Walter Maguire, were called into consultation by the three South Bend physicians who have attended the educator.

Father O'Donnell, a close personal friend of the late Knute Rockne, famous Notre Dame football coach, preached the sermon at the funeral of Rockne.

### Present Play At First M. E. Church

Fimedra Club Gives Three-Act Comedy "Jimmy, Be Careful" Last Evening

Members of the Fimedra club presented a three-act comedy, "Jimmy, Be Careful," in the church parlors of the First M. E. church last evening, under the auspices of the Stevenson Circle.

The members of the cast handled their parts with a care which showed studious interest, each character being vividly impersonated by the person taking part.

The play deals with Jimmy Fisher, who buys a piece of unfertile ground, ostensibly to raise asters, and his fiancee breaks with him. Later on, he and his partners begin to drill for oil, and after striking a "dry hole" finally drill in a gusher. Jimmy in the meantime has fallen in love with his fiancee's younger sister.

The cast included:

Tillie, the Blake's maid, Evelyn Gerould; Pietro, her admirer, Homer Rosser; Emile Blake, the younger daughter, Gladie Biddle; Jimmie Fisher, Verna's fiancee, Gerald Morris; Ma Blake, Emile's mother, Florence Carleberg; Aunt Ellen Means, Ma's sister, Marce Biddle; Verna Blake, spoiled daughter, Doris Updegraff; Willie Blake, Ma's only son, Willard Perdue; Chris Means, Aunt Ellen's husband, Jack Houston; Herb Clark, loves Verna, Edgar Beal.

## County Cattle Found Healthy

Make Remarkable Showing  
In Recent Tuberculosis  
Test Conducted By  
State

### HIGH RATING IS AGAIN CONTINUED

Once again, Lawrence county has been rated a modified accredited area, as a result of the recent tuberculosis tests conducted under the direction of the Bureau of Animal Industry of the state.

The showing made in these tests is a remarkable one, only 44 reactors being found on 26 different farms, out of 2,550 herds tested, numbering in all, 21,763 cattle.

In order to qualify as a modified accredited area, less than one-half of one per cent reaction is permitted. The record made in the county was much better than that allowed under the law, only one-fifth of one per cent of the cattle reacting. Many of these were being tested for the first time.

This rating will continue for a period of three years. County Farm Agent H. R. McCulloch stated today.

# What's the Value of a TRADE-MARK?

© 1933, LIGGETT & MYERS TOBACCO CO.

TODAY the Chesterfield trade-mark is very valuable. Back of it is the good will of thousands—perhaps hundreds of thousands—of smokers.

Chesterfield cigarettes were first manufactured more than 25 years ago. At the start, they were sold at a loss, but the quantity sold increased steadily from year to year, until now Chesterfields are sold in great volume at a very small percentage of profit.

This is not only for our protection, but for yours as well, because what the Chesterfield trade-mark

really means is that you and all Chesterfield smokers will get Chesterfields manufactured under the same formula, by the same people, and in all respects absolutely the same, in every package you buy, year in and year out.

Wherever you buy them, in this or in any other country, you can depend upon the Chesterfield trade-mark.

They're Milder... They Taste Better—

Gymnfa Ganu  
Occurs Here On  
Next Sunday

Will Attract Hundreds Of People From Ohio, Pennsylvania And West Virginia

New Castle will be the mecca of hundreds of Welsh people of the Tri State district on Sunday afternoon and evening, April 9. Good weather is all that is needed to assure a large gathering of people at the First Congregational church on East Reynolds street for the annual Gymnfa Ganu or singing festival to be held there.

Interspersed with the mass singing will be solo and quartet work as follows:—afternoon session, 2:30 p.m. Solo—Harry Jones, boy soprano; solo—Dave Rees and selection by the Book-Leyde Quartet; evening session, 7 p.m., solo—Miss Cecilia Hughes; solo—Dave Lewis and selection—Book-Leyde Quartet.

To close the evening session, the church choir numbering about fifty and augmented by an equal number from the Elm Street Congregational church of Youngstown, also various other visitors, will sing the anthem of Helen McCurley.

MT. JACKSON NOTES  
Pearl Stanley entertained a few friends at a quilting party, Wednesday afternoon.

Wilbur Moore has returned home after spending several days with friends in Akron, O.

Mrs. Samuel Smith, who has been ill for some time at the home of her son, James McCord, has been able to return to her home.

Westfield Awaits  
"Traveling Gavel"

North Beaver Grangers Expect  
Outside Guests At Monday's Program

At their regular meeting on Monday evening, April 10, members of the Westfield grange will entertain the grangers of the county in the series of program known as the "Boak Traveling Gavel" meetings.

The gavel will be brought from the Plaingrove grange by their members who will give half of the evening's entertainment and whose officers shall take part in the ritual work.

The evening's program in charge of Lecturer Helen Patterson and Guy Fullerton shall consist of a varied program by the members and the enacting of one of the one-act comedy, "The Telegram."

This is the second year that a series of programs has been arranged among the subordinate granges of the county under the direction of the Pomona lecturer and master and they are doing a great amount of good in getting the active rural folk of the various communities better acquainted. One of the most noticeable things about this year's meetings

is the interest that the young folk of the county are taking in grange work, especially in the recreational periods following the meetings.

The meeting at Westfield will start the last third of the 12 meetings at which over 1,000 folks have attended and enjoyed the evening's fellowship. Certainly any member is missing a fine opportunity to meet the members of 12 units of the county's leading agriculture organization who fails to attend one of the remaining meetings.

Westfield will take the gavel to Mahoning Valley on Tuesday evening, April 11.

# DELAY ACTION IN CONGRESS ON SHORT WEEK

## Five-Day Week Work Bill Goes To Pigeon-Hole

House Sidetracks Thirty-Hour Week Labor Bill At Washington For Time Being

## MEASURE PASSES IN SENATE VOTE

(International News Service) WASHINGTON, April 7.—The Black 30-hour week bill, after its passage by the senate, was sent to the house today where it will be pigeon-holed until President Roosevelt asks its enactment.

The bill would prohibit the shipment in interstate commerce of any article or commodity produced or manufactured in any mine, quarry, mill, cannery, workshop, factory or manufacturing establishment which employed workers for more than five days in any week or more than six hours in any day. A fine of \$200 or imprisonment for three months would be meted out to violators.

### Terms Modified.

A number of amendments were adopted by the senate, modifying its terms as applied to farmers. Milk and all its by-products were specifically excluded, even though it was argued the exemption would include the big condensed milk companies. Another amendment exempted all farm products until they were processed into the form usually offered by individual farmers for the market.

Speaker Rainey (D) of Illinois announced the bill would not be considered by the house unless President Roosevelt urged its passage. He made this statement even though the house judiciary committee reported it favorably in a unanimous report.

## Marriage Complex Leads To Prison

(International News Service) PARIS, Apr. 7.—A "marriage complex" got a Paris concierge thirteen months prison sentence.

Buying a bridal trousseau for her daughter on credit, the concierge soon ordered five more, ostensibly for tenants. They were delivered also on credit upon the concierge's assurance of the financial standing of the tenants. But when the bills were sent the pretended brides, two of whom turned out to be widows, said they knew nothing about the matter.

Investigation revealed the racket but the concierge had fled. She was sentenced in her absence.

## German Claims New Record For Balloons

(International News Service) STUTTGART, April 7.—A new altitude record for unmanned balloons has been established by Prof. Frederick Regener, director of the German Institute for Stratospheric Research.

The balloons started by Prof. Regener from his Stuttgart laboratories reached an altitude of nearly 80,000 feet. They were loaded with

## Building Designs Show Future Paris

(International News Service)  
PARIS, April 7.—An exhibition of architectural designs and photographs recently opened at the Galerie Vignon gives a foretaste of what Paris will look like somewhere about the year 2000. More than thirty of the most important modern architects of the city are represented by maquettes, drawings and plans, including the American Mallet-Stevens, well known in the French capital and Pierre Chateau, creator of the famous glass house in the rue St. Guillaume.

Huge structures which economize space by housing hundreds and even thousands of people under one roof are what the architects of the future seem to have in mind.

BATTLE OVER CHAIR

SANTA MONICA, Calif.—The spirit that permeated the ranks of the blue and grey in the Civil war reasserted itself here as the soldiers' home. Marcellus Chiles, 86, was arrested on battery charges following an argument with Eugene Fadden, also a Civil war veteran, over Chiles' insistence on rocking a squeaky chair.

If he is successful in having lifted a receivership on the vast 101 ranch here, he plans to plant 6,000 acres of it in broom corn and cotton and use 300 unmarried men in cultivating it.

"Few people have been thinking of the unmarried men in this depression," Miller said.

CANNED SALMON LOWER

WASHINGTON—The world pack of canned salmon in 1932 amounted to 8,484,011 standard cases of 48 1-pound cans compared with 9,018,121 standard cases in 1931, 10,438,645 cases in 1930 and 10,046,162 cases in 1929, according to the commerce department.

When making custard, lemon or chocolate pie for dinner for adults, make the amount of filling and a half and save the extra out for the children's dessert.

## Glass-McAdoo Win Roosevelt On Banking Act

Two Former Secretaries Of Treasury Get Roosevelt To Back Plans

WOULD GUARANTEE FEDERAL DEPOSITS

Necessary Legislation For Drastic Banking Measure Being Drafted

(International News Service) WASHINGTON, April 7.—Two former Democratic secretaries of the treasury—Carter Glass and William Gibbs McAdoo—were reported today to have won President Roosevelt over to a plan for guaranteeing deposits in banks of the federal reserve system.

The necessary legislation was being drafted by a special senate banking and currency sub-committee, of which Glass is chairman. The bill would seek to establish a unified national banking system, the chief attraction of which would be a government guarantee of bank deposits. The president will decide whether the guarantee should be unlimited or for only 70 or 80 per cent of the deposits.

**Bill As Drafted.**

The bill, as tentatively drafted, would:

1. Provide funds to guarantee bank deposits by equal contributions from the federal treasury, federal reserve banks and member banks of the federal reserve system.

2. Divorce investment banking from commercial banking.

3. Divorce banks in the federal reserve system from all affiliates.

4. Authorize branch banking by member banks of the federal reserve system in states permitting state banks to operate branches.

The measure will be designed to bring a majority of existing state banks into the federal reserve system. This would be accomplished primarily by the guarantee of bank deposits but at the same time, some of the present drastic entry requirements would be ameliorated.

## St. Mary's Mission Closes On Sunday

Immense Throngs Of Men Attend The Services Each Night At The Church

Mission that has been in progress for the past two weeks at St. Mary's church, North and North Beaver streets, with Rev. Fr. Geoffrey Stone C. S. S. R. and Rev. Francis Shields C. S. S. R. of the Pittsburgh Redemptorist Fathers, will come to a close at three o'clock Sunday afternoon.

It has been, according to the missionaries in charge, a most wonderful mission; the people participating in a fine manner and the fathers in charge have been accorded the finest co-operation which they have received in years.

There will be a service this evening at 7:30 o'clock and again on

Saturday evening at the same hour. At the Saturday evening service, there will be the special devotion in honor of the Blessed Virgin Mary. There will be a procession of boys and a special sermon on the Blessed Virgin. There will be a special shrine decorated with candles and flowers in honor of the Blessed Virgin.

The first week of the mission was devoted to women and girls, while the present week has been for men and boys. The church has been crowded to capacity at every service held and the missionaries have given most helpful and instructive sermons throughout the period of the mission.

**Bible Class Holds Monthly Meeting**

Members of the Young Married People's Bible class of the Epworth M. E. church held their monthly meeting Thursday night, April 6, in the home of Mr. and Mrs. Barl Richards on East Washington street.

President William Twaddle presided at the business meeting and appointed a number of committee chairmen and transacted other matters of business. Following this a social hour was held.

The class holds a meeting each month but alternates with a tureen dinner in the church dining rooms every month. The next social meeting which will be in June will be held at the home of President and Mrs. Twaddle on Riverview avenue.

**BLIND GIRL SEEKS CAREER AS LAWYER**

(International News Service) WORCESTER, Mass., April 7.—Miss Dorothy Daniels, 18, won highest honors in the senior class at North high school. Her ambition is to go to Radcliffe College and eventually become a criminal lawyer.

Miss Daniels—stone blind since birth—is assistant literary editor of "The Record," the high school publication, authored the words of her class song and loves to read poetry.

She received her inspiration from Helen Keller while a student at Perkins Institute for the Blind at Watertown.

**HERE'S REAL PROBLEM FOR MODERN SOLOMON**

(International News Service) NEW YORK—Ida Tatzeiter Drugowitz, 22, was legally adopted by Leo Drugowitz, when Ida's mother married the latter. There were two children by the union, which made Ida a step-sister to the two younger children.

Ida's mother died and now Leo wants to marry his adopted daughter.

Surrogate John Hetherington has decided to hold a public hearing, and indicated he would grant the request.

YOUNG MEN HELD AS AUTO SUSPECTS

**McIlvenny Says  
School Directors  
Should Keep Posts**

Declares Mrs. Elliott, Mr. Duff  
And Attorney Hazen Are  
Invaluable Members

Commenting upon the story of Thursday, April 6 in The News, concerning the three school board vacancies which occur this year, J. Herbert McIlvenny, a member of the board said today "everything that was said of Walter W. Duff, Attorney W. Hazen and Mrs. John E. Elliott are true. As a member of the New Castle School Board who has served eight years in that capacity, I want to say that it will be a distinct loss to the school system and the tax payers if these three members do not run for re-election."

"As the Budget Committee they have rendered service to every tax payer that surely must meet with universal approval. They have been untiring in their efforts to effect economies without endangering the schools and they have accomplished large economies."

"They have been conscientious, capable, and efficient, and as a member of the board I sincerely trust that they can be induced to offer themselves as candidates for re-election. There is no material compensation in serving as a school board member, neither is there any political advantage to be gained if members are honest. The only compensation is the satisfaction of a job well done and a knowledge that one has aided the cause of education. Naturally a member who has served feels that he has done his bit, but in the case of Mr. Duff, Mr. Hazen and Mrs. Elliott I feel that they should be urged to become candidates again."

**City Has No Funds  
To Improve Viaduct**

Need \$1129 To Replace Wood  
Block With  
Brick

Director of Improvements Treiser and Director of Finance Hoyland today reported to colleagues during council session that \$1,129, available for repaving of a portion of Mahoning avenue viaduct with brick is not available.

Several days ago, following an accident to an auto, council referred a recommendation by the city engineer to Treiser and Hoyland. The engineer, Harry Hoskins, recommended that the wood block paving on the bridge be removed and replaced with brick. He said it would cost \$1,129, but would prove good economy over a period of time.

It had been reported that during the winter, water had worked between the wood blocks. This froze and the wood blocks "exploded." One automobile struck a hole and the city purchased a used motor in settlement of the claim.

Office Awaits  
Further Orders**

No Provision Has Yet Been  
Made For Recruiting Men  
Here For Reforestation Work

Sergeant Walter McKelvey, officer in charge of the army recruiting office here, 303 St. Cloud building, today received notice from the Pittsburgh army recruiting headquarters, relative to the examination of men from the Lawrence county district for the restoration work planned by the government in its forests of the country.

The notice indicates that very likely, that men taken from Lawrence county for this work, will be examined at the local recruiting office, under conditions similar to those employed in Pittsburgh but that no provision has yet been made

to take any men from this county in this work.

Notice received by Sergeant McKelvey is as follows:-

"This office (Pittsburgh) has received instructions that all men for restoration work (of which 900 have been authorized for Pittsburgh) must first procure a certificate from the Allegheny County Emergency Relief Board, located in the City-County Building, Pittsburgh, Pa. For enlistment in counties outside of Allegheny, no provisions as yet have been made. Anything further on this subject will be sent you when received."

**MAN SNATCHES MONEY  
AT BUS TERMINAL**

Ralph A. Onstott, of 343 East North street, has just purchased a dollars worth of street car tokens at the Bus Terminal in the Y. M. C. A. building yesterday, when a man grabbed five one dollar bills he had in his hands and ran away. He was trailed to the rear of the Y. M. C. A. and the trail was then lost.

The thief was described as being 28 or 30 years of age, five feet ten inches in height, and having about a three days growth of whiskers on his face. He was wearing a dark overcoat and a dark hat.

Four Persons Injured As Auto  
Is Bombed At Erie Busy  
Street Corner

(International News Service)  
ERIE, Pa., April 7—Working on the theory that a bomb had been planted in the engine of William Hammerman's auto, police today probed into the cause of a blast which injured four persons at a busy downtown intersection last night.

Halted by a traffic light, Hammerman had just started his auto when three blasts ripped through the motor, hurling bits of wreckage in all directions. A number of passengers narrowly escaped being killed.

The victims were released after receiving hospital treatment.

Cedar Street Will Be Improved  
If Plan Can Be  
Arranged

Council met in the city building today and authorized Director of Improvements Stanley Treiser and Solicitor Robert White to work out a plan for the resurfacing of Cedar Street between Mahoning avenue and Clayton street. Several years ago the New Castle Street Electric railway company repaved the portion of the street it used.

According to Treiser it is believed that the city will be able to make an arrangement with some materials company whereby the city can secure the resurfacing material and pay for it in the future. The project will provide employment for local citizens. They will be paid, he intimated, so they can pay taxes.

(International News Service)  
SANTA FE, N. M.—Catron county, New Mexico, the third largest county in area in the United States, is becoming too crowded for comfort, according to Jeff Moore of Beaverhead, who was recently in Santa Fe to attend a legislative hearing.

Moore said that Catron county just suited him until too many folks started moving in. One family, he declared, recently settled just 12 miles from Moore's ranch.

The letter summoning Moore to the hearing reached him three weeks after it was written, fairly prompt mail service for that section of the state.

There is no railroad, telephone or telegraph communication in the county, and no newspaper is published within its confines.

Modern science has found that

the scales of the lowly herring can be used to produce pearls of an enviable lustre and sheen.

The scales of herrings caught off the Atlantic and Pacific coasts are no longer thrown away but are sold to manufacturers of artificial pearls. Recently 55,000 pounds of scales were made into pearls for \$2,000.

Declares Mrs. Elliott, Mr. Duff  
And Attorney Hazen Are  
Invaluable Members

Commenting upon the story of Thursday, April 6 in The News, concerning the three school board vacancies which occur this year, J. Herbert McIlvenny, a member of the board said today "everything that was said of Walter W. Duff, Attorney W. Hazen and Mrs. John E. Elliott are true. As a member of the New Castle School Board who has served eight years in that capacity, I want to say that it will be a distinct loss to the school system and the tax payers if these three members do not run for re-election."

"As the Budget Committee they have rendered service to every tax payer that surely must meet with universal approval. They have been untiring in their efforts to effect economies without endangering the schools and they have accomplished large economies."

"They have been conscientious, capable, and efficient, and as a member of the board I sincerely trust that they can be induced to offer themselves as candidates for re-election. There is no material compensation in serving as a school board member, neither is there any political advantage to be gained if members are honest. The only compensation is the satisfaction of a job well done and a knowledge that one has aided the cause of education. Naturally a member who has served feels that he has done his bit, but in the case of Mr. Duff, Mr. Hazen and Mrs. Elliott I feel that they should be urged to become candidates again."

**City Has No Funds  
To Improve Viaduct**

Need \$1129 To Replace Wood  
Block With  
Brick

Director of Improvements Treiser and Director of Finance Hoyland today reported to colleagues during council session that \$1,129, available for repaving of a portion of Mahoning avenue viaduct with brick is not available.

Several days ago, following an accident to an auto, council referred a recommendation by the city engineer to Treiser and Hoyland. The engineer, Harry Hoskins, recommended that the wood block paving on the bridge be removed and replaced with brick. He said it would cost \$1,129, but would prove good economy over a period of time.

It had been reported that during the winter, water had worked between the wood blocks. This froze and the wood blocks "exploded." One automobile struck a hole and the city purchased a used motor in settlement of the claim.

Sergeant Walter McKelvey, officer in charge of the army recruiting office here, 303 St. Cloud building, today received notice from the Pittsburgh army recruiting headquarters, relative to the examination of men from the Lawrence county district for the restoration work planned by the government in its forests of the country.

The notice indicates that very likely, that men taken from Lawrence county for this work, will be examined at the local recruiting office, under conditions similar to those employed in Pittsburgh but that no provision has yet been made

to take any men from this county in this work.

Notice received by Sergeant McKelvey is as follows:-

New Oil Fields For  
Indian Reservation

Famous Gold Gulch  
Shows New Activity

INTERNATIONAL NEWS SERVICE  
GARDNER, Wyo., April 7—Immediately development of the Maverick oil field on the Wind River Indian reservation is expected to result from the recent order of the Secretary of the Interior urging cancellation of leases not under production by Sept.

George Brimmer of Cheyenne has applied for a certificate of necessity from the state utilities commission or permission to construct a 33-mile pipeline at a cost of \$700,000. The field was first opened 14 years ago, at which time wells were capped because of unfavorable marketing conditions.

Production in the Maverick field is expected to enrich 2,000 Shoshone and Arapaho Indians on the reservation.

(International News Service)

GARDNER, Wyo., April 7—Confederate gulch, scene of one of Montana's most stirring gold rushes in the '60's, is showing renewed activity with the approach of spring.

Prospectors moved into the long-abandoned diggings last summer and extracted gold, using a siphon flume built in 1867. This year more miners are centering their activities in the gulch.

Confederate gulch was discovered by a group of Confederate soldiers banished to Montana after the defeat of Price's army at Lexington in 1861. Approximately \$12,000,000 worth of gold was extracted from the gulch proper in a few years, and an additional \$5,500,000 was taken from tributary gulches.

Ten thousand years of ethical development, at last resulting in a race that has little to fear except rogues.

## Scottsboro Case Is Near Close

Sensation As Witness Says Former Testimony Was Frame-up

(International News Service)

DECATUR, Ala., April 7—First trial of the "Tempestuous" Scottsboro assault case moved swiftly toward a close today.

Testimony ended with the brief reappearance of Ruby Bates, the Huntsville mill girl who threw a fresh sensation into the widely-discussed case when she declared from the witness stand yesterday that the story she and Victoria Price told at the Scottsboro trials of their attacks on a freight train two years ago by a group of Negroes was a "frame-up" and that the girls were not molested.

There was one more witness, a convict, called by the state on rebuttal, but his evidence was excluded.

Summations of counsel began this afternoon, but indications were that circuit Judge James E. Horton would adjourn court around 5 o'clock tonight and the arguments would be completed and the case sent to the jury before noon tomorrow. The attorneys agreed to take three hours on a side.

Rev. Henry Shilling, Dr. N. A. White and Rev. C. B. Shaffer assisted in the opening devotions and Dr. J. A. Galbraith, pastor of the church, had a most inspiring sermon on "Wait Till Tomorrow", pointing out the necessity of making a decision for Christ immediately.

The closing prayer was offered by Rev. E. D. Thompson.

## "SO HAPPY THAT I TRIED ALL-BRAN"

Delicious Cereal Brought Relief From Constipation

If you have headaches, loss of appetite and energy, sleeplessness or any other of the frequent effects of constipation, read Mrs. Schneider's letter:

"Since I have been eating Kellogg's ALL-BRAN, I don't have to take anything else for constipation. How good it is, and how much better it is for constipation than pills or any other medicine."

"I would never go back to what I used to take, because Kellogg's ALL-BRAN is wholesome and healthful."

—Mrs. John Schneider, 950 Tenth Street, Oshkosh, Wisconsin.

Constipation is usually due to "bulk" in the stool to exercise the intestines, and vitamin B to help tone the intestinal tract. ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Within the body, it forms a soft mass. Gently, it clears out the wastes.

## Drastic Measures Being Drafted To Protect Investors

Senate Banking And Currency Committee Wrestles With Weighty Problem

### SUGGEST WARNING AGAINST SWINDLES

Action By Senate On Securities Measure Will Be Delayed For Several Days

(International News Service) WASHINGTON, April 7.—A tug-of-war between executive agencies seeking to strengthen the administration's securities bill and investment bankers alarmed at some of its provisions, today engaged the attention of the Senate banking and currency committee.

Sensing in this measure a powerful weapon against the discredited practices revealed by its long public utilities investigation, the federal trade commission urged a drastic new amendment. It would compel corporations to file with the commission a list of their assets and a record of how these assets were acquired.

Investors thus would be warned against the notorious "stock write-ups" through which many public utility stocks have been watered to an estimated total of a billion dollars.

**Would Have Refund**  
The investment bankers centered their attack on the provision requiring corporation directors to sign affidavits filed before the commission. They objected strenuously to the requirement that directors refund the price of any issue misrepresented to the public.

Senator Gore (D) of Oklahoma and Couzens (R) of Michigan were impressed by these arguments, while several other committee members regarded the directors' liability clause with misgivings. The Department of Justice is strongly opposing any change in the provision. Hearings were in progress again today.

Senate action on the securities measure will be delayed for several days under the program of administration leaders. The federal farm bill is to take precedence.

### Royal Scot Express To Visit America

(International News Service)

PHILADELPHIA—The London Midland and Scottish railroad system, one of the four British railroad systems, is sending its famous Royal Scot Express to America for exhibition at the Chicago Century of Progress Exposition, which opens June 1, according to an announcement by the Pennsylvania railroad.

Prior to its display at the World Fair, the Royal Scot will make an extensive tour of the North American continent.

This will be the first time in history that a full size train has been put on a boat in England and sent across the Atlantic ocean for exhibition.

### FRENCH WAR VETERANS PLAN TO VISIT HERE

(International News Service)  
PARIS, April 7—A pilgrimage of French war veterans to the United States, who will return the visit of the American Legion which held its annual convention in Paris in 1927, will be staged next July and August, it is announced.

These French veterans will sail from Le Havre on July 31. They will visit the Chicago Century of Progress Exposition and the American Legion headquarters at Indianapolis.

Are Ready For  
Initiation Rites

Recognition Service At Y. W. C. A. Sunday Afternoon  
At 4 O'clock

When New Castle's Girl Reserve clubs gather in the Y. W. C. A. Sunday afternoon for the recognition of new members, the program will mark an innovation in Girl Reserve initiation ceremonies. The members will depart from the unusual procedures and present a ceremony different in several respects.

For one thing, the girls are being asked to wear colorful outfits instead of the traditional white. Then, instead of the candle lighting rites, the new members will be given flower bulbs to plant at the service. These plants will be kept at the Y. W. C. A. this spring and later may be transplanted to Camp East Brook.

This will be the second time a union recognition service has been held in this city. Previously each club had its own individual service.

One hundred or more new members will be taken into the organization. Several hundred Girl Reserves will take part in the service and scores of mothers and friends are planning to be present to witness it. It will be conducted by Prof. Eakin's men's chorus of Harrisburg sang on Thursday evening and were very much appreciated.

Mr. and Mrs. E. A. Caldwell of New Castle spent Monday with the latter's sister, Mrs. W. J. Allen.

Mr. and Mrs. W. J. Wilkin and children, Warren and Nancy, spent Sunday with relatives in Franklin.

Mr. and Mrs. George Brown and daughters of New Wilmington were guests of relatives here on Sunday.

Prof. Eakin's men's chorus of Harrisburg sang on Thursday evening and were very much appreciated.

Mr. and Mrs. Ed. Johnston and Eula Jane, of New Castle, were Sunday guests of Mr. and Mrs. R. L. Coates.

Mr. and Mrs. S. M. Cooper and daughter, Ruth, attended the funeral of Mrs. Lillian Potter of New Castle on Monday.

Mrs. W. J. Allen, Mrs. C. L. Hunt and daughters, Wilma Jayne and Ada, son Billie, were guests of Mr. and Mrs. J. B. Comstock of New Wilmington on Saturday.

Revival meetings are continuing throughout this week at the Presbyterian church. Rev. Greer Birmingham is the guest preacher. On Tuesday evening special music was rendered by a ladies quartet of Wampum, also the Cunningham quartet of Leesburg.

The program: Processional, "To the Wild Rose"; Miss Jane Allen at the piano.

Prayer—Miss Rebecca Muldown, president of Elm Street club.

Song, "Thank God for a Garden";—Miss Ruth Lewis.

Spring pageant—Helen Keeler, president of Union Township high school club, portraying "first girl"; Doris McClelland, president of Benjamin Franklin junior high school club, "second girl"; Donna Jean Beall, vice president of senior high school club, "Spring"; Peggy England, junior high school club, "Rain"; Beatrice Sander, president of Musketeers of George Washington school "Sun."

Presentation of the bulbs to the new members will be made by Julie McCoy, president of the senior high school club. Distribution will be made by Gayle Love, president of the Hobby club of Benjamin Franklin school.

After the singing of the camp hymn and recessional, the meeting will draw to a close.

**Three Cases Are Heard By Referee**

**Compensation Hearings Are Held At City Building On Thursday**

Three out of five cases scheduled for hearing before Compensation Referee, L. E. Christley, of Butler, were heard Thursday, two others being continued due to the inability of attorneys representing the litigants being unable to attend because of trials at the court house in which they were acting as counsel.

The cases which were heard yesterday were: Carl Hafler vs Cline Construction Company, Mike DeCaprio vs B. and O. railroad Co. and Sivitz vs New Castle Junk Co.

Cases which were continued were Edith Hood vs City of New Castle, and Thomas Fontana vs Vitale Fireworks Manufacturing Co. These will be heard at a later date.

Referee Christley was assisted at the hearings by James W. Dillon, official reporter.

## Reibers-Troop F Enter Finals In Tourney At "Y"

Reibers Upset St. Marys Reserves 39 to 26 And Troop F Eliminates St. Andrews

FINAL GAME IS SATURDAY NIGHT

### SEMI-FINAL RESULTS

Reibers 39—St. Marys Reserves 26

Troop F 26—St. Andrews 24

The Reibers and Troop F will play

for the championship of the Lawrence County basketball tourney be-

ing conducted by the Y. M. C. A.

under the supervision of Henry Mc-

Nicholas, physical director. Last

night the Reibers fought their way

to the finals by upsetting a fighting

St. Mary's Reserve team 39 to 26 in

a fine game.

The upset of the evening was the

Troop F victory of 26 to 24 over the

strong St. Andrews team one of

the tourney favorites. The Troopers

were in the game up to their ears

and just barely managed to nose

out the South Side Church team.

The team that represented the

Reibers was identically the same

team that played under the banners

of New Castle High in the season of

1931-32. Reiber, Lasky and Tepica

played the best basketball. For the

St. Marys team the work of Kearns

with 13 points featured.

## LOCAL-DISTRICT-WORLDS

Reibers-Troop F Enter Finals In Tourney At "Y"

### HERE AND THERE IN SPORTS' LAND

George Purrung of Homestead and Jack Kearns formerly of Kentucky, W. Va., now of New Castle will fight five rounds tonight in a preliminary to the Frank Novak-Jack Pallatt 10-round bout at Pittsburgh. There will be three 10 round bouts and a couple of five rounders which includes the Kearns-Purrung bout. It is the first time five round bouts have been staged in this vicinity.

President Franklin Roosevelt has promised Clark Griffith, president of the Washington ball club to attend the opening game between Washington and Philadelphia in an American league game at Washington, Wednesday.

Alan Dailey of Halifax led the qualifying field at Boeheimpton, England with a score of 141 in the annual invitation tourney. The Prince of Wales was an interested onlooker.

Cliff Sutter of New Orleans supplied the thrills at Houston, Texas when he defeated Hal Surface in a five set match. The Texan lost 3-6, 6-3, 6-3, 3-6, 6-3.

Don Hurst, Philadelphia National first baseman, a holdout, has come to terms with the club.

After being floored four times in the opening round Johnny Chiodo came back to win a 10 round bout from Johnny Datto at Youngstown. Both have fought here. Chiodo as a semifinalist and Datto as a main bouter.

It did not take Buddy McArthur long to put away George Panka last night at Fairmont, W. Va. Panka was dropped twice in the first and passed out in the second. Sunny Jim McVey, who fought a preliminary here, knocked out Chuck Carter.

Enon Valley Season Ends

Enon Valley High School Wins Class B Basketball Title

WATT, KERESTLEY TO LEAVE TEAM

Enon Valley closed a successful basketball season March 30, the high school boys and girls having won the Class B title in their respective loops. The coaches were Marshall and Battley respectively.

Watt as forward for the boys team and Kerestley as guard for the girls have played their first game with the school. Their services will be missed. The girls team will

greatly miss Miss Speeheras.

The boys won 16 games and lost four contests. McRoberts was highest scorer with 180 points. Watts was second with 162 points.

The girls won 13 games and dropped six. Steinecke was high scorer. She made 366 points which may be a record insofar as scoring is concerned in this section. Hague was second with 182 points.

The boys individual scores follow:

McRoberts 180, G. Watt, 162, Dunnigan 88, Marshall 80, E. Watt 30, Kerestley 11, Martin 4, Wallace 4, Huston 2 and Hutchinson 1.

(International News Service) CHICAGO, April 7—Tony Canzoneri will defend his light-weight championship against Barney Ross of Chicago at Wrigley field here on June 22, it was announced today.

### Jack Dempsey Given Break

Dempsey's Managerial Endeavors Meet With Success In New York City

(International News Service) By DAVID J. WALSH International News Service Sports Editor

NEW YORK, April 7—Just to keep the records in order, Mr. John Dempsey, the boy promoter, completely outguesed the Madison Square Garden corporation and everybody else even himself. He picked the wrong date for his Schmeling-Baer prize fight, namely Thursday, June 1 with a ball game coming up at the Yankee stadium the following afternoon. Today, the boxing commission is going to give him another date, namely Thursday, June 8, but if he wants to go on Thursday the fifteenth or even Thursday the twenty second, he is not to be molested or inconvenienced by grasping rivals.

In other words, John continues to get the break over the Sharkey-Carnera fight, regardless of what may appear to have happened recently at the boxing commission. There was a lot of hocus pocus about dates down there, the other day. Anyhow, there must have been a great deal of hocus at the very least, because they said Mr. Johnston, of the Garden, was to have all Thursdays and John all Wednesdays.

#### Can't Go Wrong

But what they really meant was that Mr. Johnston was to have all Thursdays, except those they don't take away from him. Incidentally, it may soon come to pass that Mr. Johnston is to have practically everything they don't take away from him. He doesn't know whether or not this includes his job, but, in any case, that's another story.

What concerns us here is that John is not to be allowed to go wrong. The baseball interests even are ready to move up the Yankee-Red Sox game, scheduled for June 7, to an open date on June 5, in order not to inconvenience the young man. He, in brief, knows and is known to and by the "right people" politically, whereas Mr. Johnston's only mistake is that the right people no longer know him.

#### JEFF A. C. IN FIELD

Bordonaro and Canfords mushball team has been organized for the coming season. The team is composed of Spinelli, J. Mangieri, P. Zingaro, A. Pascarella, S. Pezzone, E. Ostrosky, B. Belliano, P. Pagley, M. Deliore, and D. Fontano.

#### BURLETTIE'S ORGANIZE

Burlette's mushball team has been organized for the season. The team is being sponsored by A. L. Burlette. The team will be managed by Jim Snow. The following reported for practice—Crisci, Kneram, Aven, McCabro, Rubis, Book, Bonfield, Joe Isabella, Rubis, Cimini, Colauro, Gentile, Susky, Isabella, Lasteria, Bales. The team will play their first game next Monday night.

#### CENTENNIALS WIN GAME

The Centennial A. C. won their first game of the season Wednesday by upsetting the Yanigans 7 to 5 in a practice game. The Centennials would like to book games with all junior teams not over 17 years of age. Call Dufford 2434 for games.

#### MONARCHS TO MEET

The New Castle Monarchs will meet tonight at 1033 Moravia street for a basketball session. Those desiring a tryout with the Monarchs this year are requested to attend the meeting.

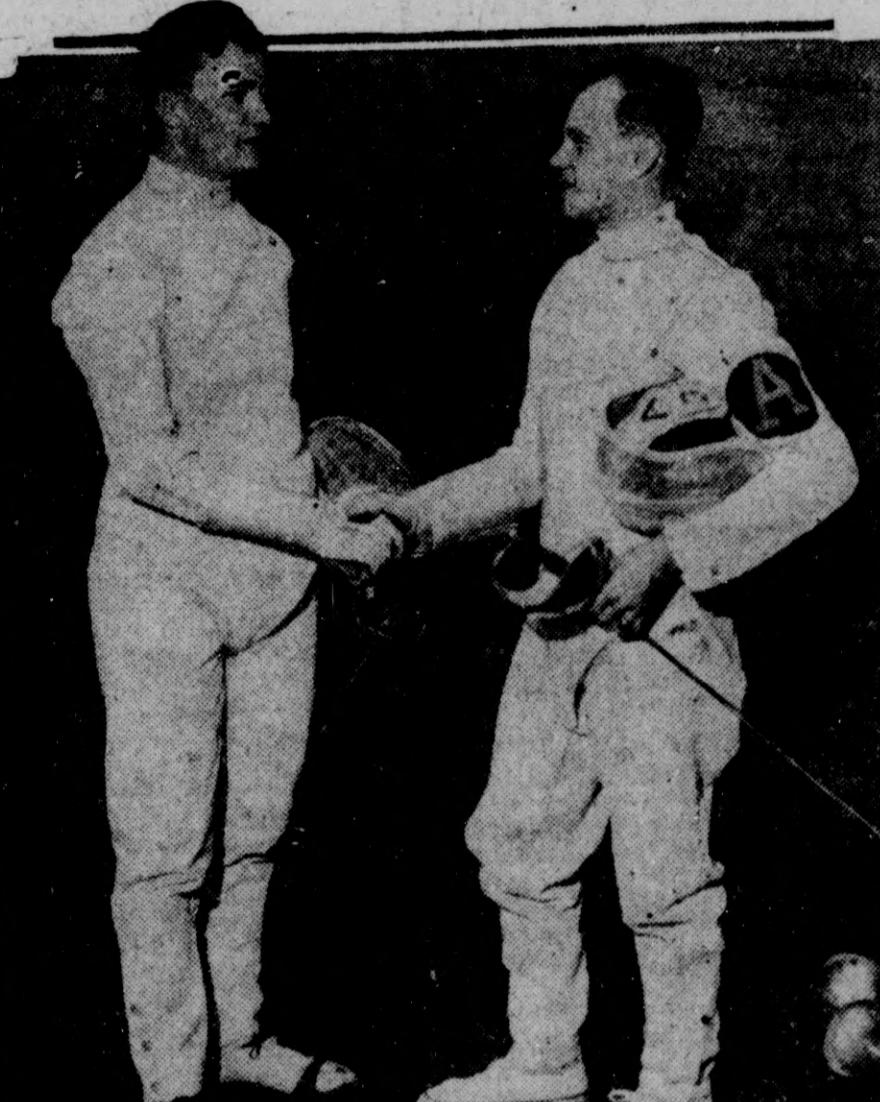

### New Castle And Warren Roller Teams Tied Up

New Castle roller hockey team and a Warren, Ohio team played a scoreless tie game in extra-periods at the Warren floor last night. The deadlock will be played off at Warren on April 13. Neither team was able to get near the goal, the guarding was so close. Perry Metrick of 776 Arlington avenue this city is the manager of the local team.

The lineups:

Warren 0. New Castle 0

### SPORTS DAY

### PLANNED FOR SCHOOL GIRLS

Westminster To Play Host To Thirty High Schools On May 6

#### (Special to the News)

NEW YORK, April 7—Girls from 30 high schools of the district will be guests of Westminster college on May 6 when a sports day program will be given. Miss Nandene Love, director of physical education for women, announces.

A program of sports activities which will take place in the college gymnasium and on the hockey field will start at 10 o'clock in the morning and extend until 4 o'clock in the afternoon. The program will be under the direction of the Women's Athletic association of Westminster.

Activities for the day will include mushball, basketball, volleyball, swimming, relays, ping pong, marbles, jacks and jump the rope. Schools will not compete with one another, but girls will be grouped so that representatives of the different schools are on teams together.

The visiting girls will be guests at the lunch in Robert Audley Browne dormitory.

#### JEFF A. C. IN FIELD

The Jeff A. C. after success in the football and basketball world will attempt a mushball team this coming summer, it was announced today. The Jeff A. C. will be managed by Tip Richards and captained by Tex Richards. Fred Marcella will be business manager of the team. The team expects to make a good showing in mushball. The Jeff A. C. has a membership of over 100 young men.

#### BURLETTIE'S ORGANIZE

Burlette's mushball team has been organized for the season. The team is being sponsored by A. L. Burlette. The team will be managed by Jim Snow. The following reported for practice—Crisci, Kneram, Aven, McCabro, Rubis, Book, Bonfield, Joe Isabella, Rubis, Cimini, Colauro, Gentile, Susky, Isabella, Lasteria, Bales. # STOCKS

## Stock Market Is Again Strong

Gains Are Generally Limited  
As Result Of Profit  
Taking

(International News Service)  
NEW YORK, April 7.—The stock market was strong again today, continuing yesterday's recovery to join the country-wide celebration at the return of legal beer.

The bulls showed a flash of their old-time form, not displayed since last summer, in rotating leadership to keep the rise going when the list began to tire.

They went into the oils at the end of the first hour after opening strength failed to carry through. Petroleum shares were marked up 1 to 2 points in heavy dealings and the whole market responded.

Strength in bonds and commodities provided fresh bullish stimulus. This was disturbed toward midday, by heavy profit-taking in grains which saw corn, lumb 2 cents a bushel.

Utilities recovered from yesterday's late weakness but failed to show any aggressiveness on the upside. Rails lagged, awaiting the outcome of the probe into the break of the Chicago & North Western issues on Wednesday.

The market ran into considerable profit-taking right along and the gains were generally limited.

Should the latter request be put into effect at any time it would be an exceedingly hard blow for the borough employees, who have already born two salary cuts equal to 25 per cent. Considering the fact each is staggered once a week it would make his decrease in salary about 30 per cent. The first cut of 10 per cent was made on Feb. 11, 1932; the second of 15 per cent on May 20, 1932; the staggerer system was put into effect here following the March meeting of council.

Present Objections

Councilman Morrison stated that very few borough or cities have reduced expenses and taxes in the past two years as has Ellwood City, from which the taxpayers are now benefiting. The payrolls now are as low as the prevailing rates in the community and are reduced more than the school districts. He urged that a more serious investigation and consultation be made before any definite action be taken.

"Council has ever been thoughtful for the welfare of the community," commented President J. E. Powell. Expenses have been held to the lowest amount not jeopardizing the borough government. The present 10 mill levy favored by the finance committee barely covers our needs for the year. If it were reduced one mill the borough would be compelled to operate at a loss.

Councilman Riley was not in favor of combining the desk sergeant and janitor jobs since it would greatly hinder the efficiency of the police department. He further pointed out that a desk sergeant would be an absolute necessity if the city was to use only a few of its lights as recommended by the league.

It was announced that the local league will hold a special mass meeting in the Lincoln auditorium next Tuesday evening at 7:30 at which time the above suggestions will be presented to the public in the form of resolutions on which they will vote.

Council plans to have representatives at this meeting to present its position.

### PYTHON SISTERS

ELLWOOD CITY, April 7.—An interesting meeting was held by the Pythonian Sisters of Alma Temple last night in the K. of P. hall on Fourth street. Following a short business meeting a luncheon was served by Mrs. Maude Gillespie and her committee. The lodge will meet again on April 20.

Miss Annie F. Kirker has been taken to her home in Zelienople after being in the Ellwood City hospital for several days for medical treatment. Her condition is much better.

Regular Meeting Held By Council

Transact Monthly Business At Meeting In Borough Building

ing Last Night

Ellwood Performers Present Exceptionally Interesting Program Thursday

MANY FEATURES MARK EVENING

ELLWOOD CITY, April 7.—Ellwood City borough council accepted the recommendation of its street committee in refusing to pave certain streets near Reservoir Hill, at its regular meeting in the city building last night.

A communication from the school board protesting the annexation of a certain portion of Wayne Township (Park Gate) to the city, was also received and placed on file by council. In the letter the board pointed out that in case of annexation the school district's tax would be increased by \$4,000 and would necessitate the using of the undesirable public buildings. Upon motion of Councilman M. A. Riley the communication was made part of their minutes.

Because of an irregularity all bids for supplying gas and oil to borough owned vehicles were referred back to the rules and regulations committee for study, thus postponing the awarding of the contract for a few days.

Tax Collector E. B. Moyer reported at this time that he had collected a total of \$13,099.98 in school and borough taxes for the month of March. This is of course including penalties. His exoneration list of \$248.47 in personal taxes was approved and accepted by council upon recommendation of the finance committee.

The monthly report of the fire chief for March stated that there were four fires with a total damage of \$665. For their services firemen received \$83.

The police department reported that it had collected a sum of \$83 in fines, forfeits and dance permits for the month of March.

There were two cases of German measles, one of mumps, one of tuberculosis, and 37 of scarlet fever for the past month according to the regular report of the health department.

Secretary Moyer announced at this time that the federal tax for electric current for the past month was \$252.

Council decided to take the proper steps in a short period to repair the railroad crossing on Fourth and Sixth streets here.

The next side event was the presentation of "School Daze" in which a number of well known local people reverted back to the days of the "little red school house", short trousers and curly hair. This scene was a perfect example of a type class a teacher hopes not to get. The pupils were very unruly, full of pranks and "dumb as oxen".

How the law functions was next demonstrated to the audience when a humorous and clever court room scene was given, entitled "Good Morning Judge". The case to be tried was a suit for divorce of Mrs. Aphasia Jones against George Washington Jones. Upon hearing the testimony of both sides the "all wise" judge ruled in favor of the defendant.

A few dance numbers and songs were provided by the chorus girls during the production. Mrs. Paul Grannis played the role of chorus leader and rendered a special vocal selection. Miss Betty Nickum gave a specialty dance accompanied by Miss Betty Stewart.

The three-act comedy farce took place in the lobby of Hotel DeLoach, Chestnut Corners. The plot centers around two city thugs making an effort to steal a valuable invention from a "country hick". These roles are played by Prof. Paul Winter, John G. McKim and John Streeter.

It was only through the invention itself that Abner Perkins (Harold Burns) was able to uncover the conspiracy and to make a timely arrest with the aid of sheriff W. C. Morrison. Everything comes to a pleasing and satisfactory conclusion. But of course before the above plot is frustrated many complications and humorous incidents arise. The comedy roles were entrusted to the capable hands of Miss Dorothy Lundgren, Pat Cullinan and Dudley Arnold. Miss Ethel Murphy and Mr. Streeter provided the romance.

The play, which was sponsored by the Wesleyan Bible class of the First M. E. church, will be repeated again this evening at 8:15.

The high school orchestra under the direction of Prof. Paul Winter renders number of selections between acts.

The cast.

The complete cast for the production is as follows:

Harold S. Burns—Abner Perkins proprietor of the Hotel DeLoach.

Earl Moyer—Seth Hunniford, the checker champ.

John Brown—John Carter, only a college boy's father.

Ethel Murphy—Doris Perkins, Abner's daughter.

Esther James—Leana Peters, the village poss.

Pat Winter—Jim Blake, the city slicker.

"Dead" McKim—Sam Turner, Jim's pal.

Pat Cullinan—Pat O'Tool, the water waiter.

Dudley Arnold—Percy Howles, an Englishman.

The swinging doors swing back today, and the Stein on the table became a reality. Beer bounced back, four per cent beer, and about two o'clock the cargoes of amber affability began arriving in trucks. There will be a lot of birthdays celebrated tonight, a heap of singing in a sour key, and considerable mustache wiping.

That may be the rock on which the present ship of beer will perish, mustache wiping. In the old days the average two fisted beer drinker had a mustache that looked like a pair of handle bars or the horns of a musk ox. Wiping the flecked foam from them was a fine art and many a scuttle has been set, just to show the customers what could be done in the fine art of wiping a mustache.

Scientists have figured out that

there are less than one half of one percent of handle bar mustaches to the 1000 population left since Prohibition, and with no silky mattress vines to wash off after a bucket of suds, there won't be much use in drinking.

"You get used to them" sez Paul, speaking of temblors. "Since I have been on the coast I have felt some thirty five different quakes, most of them just second grade quakes, and then when they up and have a first class rumbler I have to be back east visiting."

As far as we're concerned he can have our share of earthquakes and no charge. This thing of waking up some night and finding the bed doing a rumble, or having the front porch walk over into the neighbor's front yard may be all right for some, but we're not hard to please with peace and quietness.

After seeing most everything they have to offer along the Mediterranean, Harold Baer is sailing for home with his mother tomorrow, from Bremen on the steamer of the same name.

He left the Columbus, the tour ship, at Naples, and made an inland trip via Rome, Vienna, Berlin, and Hanover to Bremen. By the time he gets back he should have a flock

WASHINGTON, Pa., April 7.—Rules against beer and other intoxicants will remain the same at Washington and Jefferson college here, President Ralph C. Hutchinson, in a formal statement today, announced.

President Hutchinson, among other things, declared "that for this college its beers intoxicating qualities are not eliminated by a legislative act, that it is not deemed essential to the development of scholarship, culture or Christian character, and all rules regarding its use by students and in dormitories and fraternity houses remain unchanged."

**'Law Don't Remove Intoxicating Qualities' Says President Today**

WASHINGTON, Pa., April 7.—Rules against beer and other intoxicants will remain the same at Washington and Jefferson college here, President Ralph C. Hutchinson, in a formal statement today, announced.

President Hutchinson, among other things, declared "that for this college its beers intoxicating qualities are not eliminated by a legislative act, that it is not deemed essential to the development of scholarship, culture or Christian character, and all rules regarding its use by students and in dormitories and fraternity houses remain unchanged."
